TARTAR GENERAL OF CHINA KILLED

Bomb Thrown in Canton China, Killing Twenty-One, Wounding Eighteen.

HOUSES BURNED TO GROUND

Assassin is Also Mortally Wounded by Explosive Which Was Hurled from Roof of Building. Into the Crowd.

Canton, China, Oct. 25.—Fung-Sen, the newly appointed Tartar general, and 21 other persons, were killed and 18 wounded today as the result of the throwing of a bomb into their midst by a native of the Sanning district, who also was mortally wounded by the explosive. Seven houses were also burned to the ground. The general, accompanied by his wife and a large escort of soldiers, was coming ashore to assume his new duties when a bomb thrown from the roof of a building dropped among the party.

Washington, Oct. 25.—It is apparent from dispatches received at the State Department today confirming the report of the assassination of the newly appointed Tartar general, Fung Sen, at Canton, that the affair was not a signal for a general uprising in the city.

American Consul General Bergholz reports that the city is quiet and that no disturbances have taken place in that city or district. Eight gunboats are now anchored off Canton, he says, and two of these are American.

Revolution in Peking

Peking, Oct. 25. — Further defections to the rebels, including Nan-Chang, capital of the province of Kiang Si, and Wiwei-Lin, capital of Kwang-Si, have served to increase the tension here of the revolution. To add to the seriousness of the situation, the Tsue-Cheng-Yuan, China's first National Assembly today gave to the Manchus what the legations consider an ultimatum. The assembly impeached Sheng-Hsuan-Huai, president of the Ministry of Posts and Communications and demanded his dismissal with severe punishment.

A reply is required from the government by tomorrow, failing which the assembly will dissolve and the members return to their respective provinces. From the temper shown, it is believed the assembly will carry out the threat. The only course open to the government is either to sacrifice a man who is considered by foreigners the strongest member of the cabinet, or, retaining him, declare war on the assembly, as well as the vast majority of Chinese.

The charges against Sheng-Hsuan-Huai were formulated by the people of Sze-Chun, Hu-Peh and Hu-Nan. Sheng negotiated the loans for the nationalization of the railways and has been a leading advocate of the (M-re) advocate of the anti-provincial policy which is regarded as largely responsible for the revolution. The inhabitants of these provinces have shown strong opposition to the proposed railway. At the meeting of the assembly today members urged that they were not against foreign loans but against the methods employed and the results, which were tantamount to robbing Chinese who had already begun the railways and selling them out to foreigners.

An opposite view is taken by the legations of the four interested powers, who consider that the loans and the Hu-Kwang railway and currency reform projects would have served the highest interests of China.

Sheng's secretary produced a written statement from his chief, who, like the other members of the cabinet, was absent from the meeting of the assembly but was shouted down. Cries of "dacapitate Sheng!" sounded above the high pitch of the indictments. No one attempted to defend the minister. When the assembly rose to vote even the front row Manchu princes, evidently intimated by the raidcals stood up, demanding the noted mandarins degradation.

The silence of General Sin Chang, the Imperialist commander, has given rise to innumerable speculations. Only the palace seems to know his intentions.

Some reports say the imperial army, upon which the dynasty's hope depends, is seriously disorganized. The troops have been pushed forward without having been safe-guarded in any manner which would already have meant disaster had the enemy been more capable.

Trains go south laden with soldiers and equipment but they do not return. The troops set forth without sufficient ammunition, then quantities of ammunition follow, but no commissariay supplies. There are rumors of mutinies, retreats and desertions.

It is now said that the engine drivers, who previously were reported as having been shot for refusing to take trains forward, were really shot because they proceeded, the soldiers not desiring to meet the enemy. The foreign engineer Pouillard with his staff, will go south tomorrow and endeavor to re-organize railway traffic for Yin-Tchang.

Nevertheless, in spite of disorganization, inability and disaffection, the army evidently has moved steadily forward. A wireless report from Hankow tonight indicates that the im-

CHILLED FROM COLD AVIATORS DESCEND

Lieuts. T. G. Ellyson and J. H. Powers Land Near Buckroe Beach, Va.

145 MILES IN 2.27 MINUTES

Second Attempt in as Many Weeks—Made Without Any Mishap—Will Return to Annapolis Tomorrow.

Newport News, Va., Oct. 25.—Thoroughly worn out and chilled from cold, Lieut. T. G. Ellyson, U. S. N., in charge of the naval aeronautic school at Annapolis, and Lieut. J. H. Towers, landed near Buckroe Beach on lower Chesapeake bay this afternoon in their naval hydro-aeroplane, after the most remarkable and successful flight in the history of naval aviation, having flown from Annapolis, a distance of 145 miles in the remarkable time of two hours and 27 minutes. The flight was made without stop or mishap and tonight the hydro-aeroplane lies on the sand in as good condition as when the start was made. The flight today was the second attempt in as many weeks, the plucky aviators being forced to return to Annapolis on their former attempt owing to engine trouble, after covering half the distance.

The spot at which the aviators landed today is about seven miles from Old Point and was selected through the fact that the aviators were unfamiliar with the shore line at Old Point and did not care to take any chance in bringing the machine to the ground. After following the bay line down and with Old Point in sight, the aviators began to look about for a place to alight. The engine was stopped and the big hydro was allowed to settle in the water, which it did with the grace of a bird. The gear was changed to the propeller shaft and the machine was run ashore. At the point of landing, the shore is practically void of habitation and before the lieutenants could get in communication with Washington to impart the news of their successful flight, they were forced to go a distance of seven miles, four of which had to be covered on foot. After tramping about two miles, they met a boy on a horse, which they succeeded in securing for the rest of the journey, which was made with the young naval officers riding double and bareback with the boy walking alongside. At Buckroe Beach the aviators boarded a car for Old Point and reached the Chamberlain Hotel at 7 o'clock. After partaking of refreshments and a rest the officers, while reticent, were willing to discuss the trip.

Lieut. Elison said that the start from Annapolis was made in a strong east wind, which continued through the trip and which grew stronger toward the end. However, he said, the machine had little difficulty in keeping its course and they steered a straight course down the west shore of the Chesapeake Bay. The speed of the machine varied from 50 to 70 miles an hour and averaged a speed of nearly 60 miles. Each of the lieutenants took turns at steering by means of the shift control and both were relieved of the strain that would have occurred without such control. Tomorrow morning, after selecting a landing place, the aviators will return to their machine and fly with it to Old Point. They expect to make the return trip to Annapolis Friday, starting in the morning.

THE LAST VENIREMAN.

In the McNamara Case Under Examination When Court Adjourned.

Los Angeles, Cal., Oct. 25.—The last venireman of the 125 summoned for jury service in the McNamara murder case was under examination when court adjourned today and the problem of assembling more veniremen became immediate.

More than any other cause, objection on the part of talesmen to finding a verdict of guilty on circumstantial evidence slowed down progress in obtaining a jury to try James B. McNamara for alleged responsibility for the death of Charles J. Haggarty, a machinist, killed in the Los Angeles Times explosion a year ago.

Just how to obtain more veniremen was a question discussed by opposing counsel tonight. It was said the defense might object to taking veniremen from other branches of the Supreme Court. The alternative seemed to be the summoning of a new venire, which might take days. The course was considerably unlikely.

Eight veniremen were excused for cause today.

KILLING AT FAYETTEVILLE.

Constable Pate Forced to Kill R. J. Chason, of Parkton.

Fayetteville, N. C., Oct. 25.—R. J. Chason, of Parkton, was shot and instantly killed here today by Constable A. L. Pate, after he had inflicted a knife wound in the neck of the officer, which, it is said, will prove fatal. Chason had previously stabbed a lemonade vender and the tragedy was the result of an attempt to arrest him for the offense.

MINISTER IN JAIL ON MURDER CHARGE

Son of Col. Thomas Varland Richeson, of Amherst, Va., in Boston Jail.

"FATHER I AM INNOCENT"

Is Exclaimed By Boy Even Before the Hand Clasp—Father Answers, "My Boy, My Boy"—Conversed for Some Time

Boston, Mass., Oct. 25.—Colonel Thomas Varland Richeson, of Amherst, Va., visited in Charles street jail today his youngest son, the Rev. Clarence V. T. Richeson, who is accused of the murder of Miss Linnell, his one-time fiancee. Since the young man left his Virginia home several years ago to enter the Baptist ministry, his father had not seen him until today, and the meeting was dramatic. In the first words of greeting, even before he had clasped hands with his father through the bars of his cell door, the clergyman exclaimed: "Father I am innocent."

The veteran Confederate soldier who has all along expressed belief in his son's innocence, was visibly affected. He grasped the bars for support, while he answered only: "My boy! My boy!"

For more than an hour father and son conversed and Colonel Richeson then left the jail as he came in a closed carriage, and was driven, it is believed, to the home in Brookline, of Moses Grant Edmands, father of Miss Violet Edmands to whom the clergyman was to be married. It was reported that a family re-union was to be held at the Edmands home tonight, at which would be present also Miss Lillie V. Richeson, of Sarenac Lake, N. Y., a sister, and Douglas Richeson, of Chicago, a brother of the minister. All are in the city to aid in the clergyman's case for acquitral.

The exhumation yesterday of the body of Miss Linnell precipitated the first court clash between attorneys for the prosecution and for the defense. It was the government which scored for Judge Murray in municipal court today and ruled against the petition of Attorney Philip R. Dunbar that the defense be present at a second autopsy. The body was subjected to an examination by Medical Examiner Timothy Leary early today, following which District Attorney Pellier issued a statement declaring that no poison receptable was found buried with the body. He also suggested the possibility that another poison, as well as cyanide of potassium, may have been used.

At the conclusion of the medical examiners investigation the coffin was forwarded to Hyannis, and reburied.

The Suffolk county grand jury will consider the government's evidence at a special session tomorrow. Summons were issued today for all members of the Linnell family, William A. Hahn, the Newton druggist, who told the police that Mr. Richeson had purchased cyanide of potassium from him and Frank H. Carter in whose home Mr. Richeson's apartments were located.

NEW MINISTER SELECTED.

S. Alfred Sze to Succeed Chang Yin Tang, Who is in Mexico.

Washington, Oct. 25.—S. Alfred Sze has been selected to be Chinese minister to Washington to succeed the incumbent, Chang Yin Tang, who is now in Mexico. Mr. Sze is a graduate of Cornell University, and connected with the Chinese foreign office. Mr. Sze, like his predecessor, will represent the Chinese empire in Mexico and Peru in addition to his duties here. He is expected to arrive in Washington in about a month. Minister Chang Ying Tang, whom Mr. Sze succeeds, has not yet received a new assignment.

GIANTS TRIM MACKMEN AFTER UPHILL STRUGGLE

Tied Score With Wonderful Rally in Ninth and Won Out in the Tenth--Took Three Pitchers to Do It.

New York, Oct. 25.—The Giants found their bats today and with but one game between themselves and defeat for the world's baseball championship, won by the score of 4 to 3 in the tenth inning of a sensational, uphill struggle against the Philadelphia Athletics and put themselves again into the running. Tonight the world's series stands: Philadelphia Americans won three, lost two; New York Nationals won two, lost three.

While the Giants earned their triumph today by hard and clean hitting it was declared tonight by Umpire Klem, the National League official, who worked behind the plate during the contest, that had a timely point been taken by the Athletics in the last play of the game when with two out, Larry Doyle slid home with the final tally, the runner would have been declared out and the inning ended with the score still a tie three to three. Doyle, according to Klem did not touch the plate in sliding in, and it needed only a protest by the visitors to nullify the run he was supposed to have scored. The technical claim was not made, however, and the game stands as a Giant victory.

Nobody in the stands knew anything of this and the edge of the crowd's enthusiasm was not dulled by the injection of any technicalities. Seldom, indeed, if ever, has there been such a scene witnessed on the historic Polo Grounds as during the sensational and winning rally of the Giants in the presence of a crowd of nearly 35,000 persons.

Discouraged by the loss of three straight games, with their premier twirling star, Mathewson twice beaten, their famous lefthander, Marquard, for the second time taken out of the box after a home run rap from a Philadelphian's bat, and the score 3 to 1 against them, the New Yorkers swung their bats against the "Iron Man," Jack Coombs' curves in the ninth inning to such effect that two tallies came over tying the score. Then in their next time up they started in at Ed. Plank, who had relieved the Kennebunk star, and pushed another run across the plate for a well-earned victory.

New York's hopes had been at a low ebb after the game started with Marquard and Coombs as the opposing twirlers and sank still further with two men on bases when Rube Oldring drove the ball into left field bleachers for a home run in the third, making three Philadelphia tallies. Coombs was his old effective self meanwhile, the Giants having scored but a solitary run—in the "lucky seventh," up to their final rally. Ames had relieved Marquard in the fourth and was pitching scoreless ball when in the seventh Crandall was sent in to bat for him.

The turning point of the struggle may be reckoned from Crandall's injection into the game. The husky twirler, after being passed to first in the seventh inning but without effect on the score, pitched the Athletics into ciphers in the eighth, ninth and tenth, and came to time with a cracking double with two men out in New York's ninth. His hit scored Fletcher who had doubled, and Devore, another of the day's many heroes, landed a safe drive to left for a single that brought Crandall home and tied the score.

The scene of enthusiasm that accompanied this feat of the Giants was indescribable. The shouting and cheering from the stands merged into one continuous deafening roar. And a few moments later came the final yell of triumph on the part of the happy home fans who had seen defeat turned into victory, as Larry Doyle slammed a corking double down to left, advanced to third when Plank's effort to catch him on Snodgrass' attempted sacrifice failed, and came home when Merkle sent a high fly to Murphy for an effective sacrifice.

The life of the game centered in the third, ninth and tenth innings and the pitchers were not so much the cues of interest as in the preceding contests. After Oldring's home run in the third had showed Manager McGraw that his left hander was being gauged effectively by the Athletics, he was obliged to fall back upon his second string men. Both of these—Ames and Crandall—more than came up to expectation. For the Philadelphians, Coombs seemed to have as much speed and wideness of curve in the latter part of the game as ever, but the Giants were finding him and there seemed to be no stopping them once they had started.

The New Yorkers hit the ball harder than in any previous game of the series.

Doyle starred at the bat with two singles and two doubles with five times up. Murray failed to show any batting form, striking out three times out of five times at bat. He has failed to get a hit during the series so far. For the Athletics Coombs and Oldring each had two hits. Baker, the sensational stick-worker of previous games, failed to acquire a safety from any of the three Giant twirlers. Both teams showed more life on the bases, each side being credited with two steals while both Lapp and Meyers nipped other attempts on the paths.

Startling features of fielding play were not numerous during the game. One of the best was a shoe-string catch by Devore off Lord in the first inning. Both sides supported their pitchers in fine style, however, only one misplay being charged up against Philadelphia and two against New York.

Blanks were scored by both teams for the first two innings. In the third, with one out, Lapp, for the Athletics, connected for a single to center. Coombs rapped to Herzog who made a good throw to second which Doyle ingloriously dropped and both runners were safe. Doyle hung on to Lord's high fly but Oldring got one of Marquard's swift ones just where he wanted it and clotted the ball to the left field bleachers for a home run, scoring Lapp and Coombs ahead of him.

New York's first run came in the seventh. Merkle opened it by walking to first on four balls. The Giant rooters shouted for a rally and the clamor grew as Barry tossed Herzog's tap to Collins and the latter dropped the throw. Fletcher forced Herzog, Davis to Barry, Merkle taking third, from which base he scored a moment later on Meyers' sacrifice fly to Murphy while the stands rocked. Crandall, sent in to bat for Ames, was passed, but New York's rally was held to a single run as Davis fielded Devore's rap to Coombs at first.

The Athletics did not score after the third, but New York rallied to better purpose in the ninth than before and tied things up. With one out, Fletcher's high one to left dropped safe near the foul line and by good running he reached second. Meyers went out, Barry to Davis, and Crandall came up for New York's last chance. He made good with a hit almost to the fence in right center for a double, scoring Fletcher. Devore, keeping up the good work, scored Crandall with a liner to center. In the face of apparent defeat the score was tied and an extra inning was forced.

Victory came in the tenth. Philadelphia threatened for a moment when Coombs, after one man was out, beat out an infield hit. Strunk went in to run for him but was anchored on first and Lord flied to Devore and Oldring was fielded out at first by Fletcher.

In the Giant's half, Doyle opened with a rattling double. Plank ran in for Snodgrass' bunt and threw to Baker. Doyle was on the bag with the ball, however, and there were two on with nobody out. Murray made it one out with a fly to Murphy. It was a short fly, however, and Doyle held third. Merkle hit to better purpose. He boomed one high and far to Murphy. Doyle came home on the sacrifice and the game was New York's.

The Giants need tomorrow's game to tie the series; the Athletics to make it four games won and a world's championship for them.

Plank was tonight believed to be Manager Mack's probable pitching selection, with Wiltse the man most likely to be picked to work for the Giants.

Both teams took early trains for Philadelphia tonight.

The National Commission announced that the total attendance was 33,228 and the total receipts amounted to $69,384. Of this the National Commission's share was $6,938.20 and each club received $31,22.80. No money went to the players because the game today was fifth and it was stipulated that they should not receive any share of the proceeds after the fourth game.

TAFT GOES TO THE "HOME OF ENEMY"

Makes an Address in St. Paul on Arbitration Treaties—Goes to Wisconsin.

HE LOVES NATIONAL GAME

States That He Also Loves a Fair Deal—Speaks to Young People on Other Topics of Interest.

St. Paul, Minn., Oct. 25.—President Taft tonight bade farewell to Minnesota and departed for the real "home of the enemy"—Wisconsin. His speech here tonight was on the arbitration treaties. The President is in St. Paul after two hours automobile ride from Minneapolis. He made two important addresses today, one on the Panama Canal at the luncheon of the Young Men's Republican Club of Minneapolis, and the other was a lot of homely advice to the young men and young women students of the University of Minnesota. To the latter the President suggested that the activities of college life might better be devoted to more elevating subjects than "barbaric yells", and he also declared that the young man who started in life without means was far better equipped than the rich man's son with an income sufficient to live upon without working.

The President also made a plea for fairness, in short, whether it be upon the college gridiron or the professional baseball field. He deplored the action of baseball crowds in particular in attempting to put the visiting team at a disadvantage by insulting remarks and cat calls hurled from grandstand and bleachers.

"I love baseball," exclaimed the President, "but I also love a fair deal."

The President's remarks about college yells was called forth by the greetings he received from the Minnesota students under the leadership of "Cheer leaders", who jumped in front of Mr. Taft and went through various sorts of gyrations.

The President spoke generally of the responsibility of university men and women.

Mr. Taft suggested that American universities might well devote a little more attention to a study of manners. The Anglo-Saxons, the northern races, he said, prided themselves on their straightforwardness, on their telling each other just what they thought, whereas, they might learn a great deal from the politeness of the Latin races. "Heaven save me," said the President, "from a candid friend."

President Taft today accepted reelection as a vice president of the American Humane Society, with headquarters in Albany, N. Y.

AMERICAN TOBACCO CO.'S FIGHT

Objectors Say That the United Cigar Stores Co. Should Be Divided

New York, Oct. 25.—Opponents and supporters of the plan which the American Tobacco Company has mapped out for disintegration both had their innings in the United States Circuit Court here today. Counsel for the so-called independent tobacco manufacturers and producers had filed their brief of objection but a few hours when a law for a committee of the preferred stockholders of the trust petitioned the court to be heard on support of the plan. The attorney declared that he represented owners of 4568,000 shares of the trust's preferred stock. The plan he said not only would fairly and honestly dissolve the corporation but would safeguard the interests of stockholders. Should the court grant his petition he will submit his conditions at the public hearing October 30th or as soon thereafter as practicable.

Counsel for the objectors in their brief opposing the proposed dissolution plan after declaring that it does not in reality dissolve the trust so as to make competition among its segments possible, point out that the plan contemplates leaving intact the United Cigar Stores Company.

"No plan," it asserts, "can be effective to restore competition which does not provide for dividing the business and property of the United Cigars Stores Company among separate concerns, owned by absolutely distinct groups of individuals. These businesses should be divided preferably among at least ten separate corporations and no one corporation should be given a predominant power in any locality."

Suggestion is also made that there issue an injunction prohibiting stockholders in any one of the proposed independent segments of the United Cigar Stores from acquiring any interest in any other segment for at least five years.

FLIGHT DOWN THE COAST

Navy Lieutenants Fly From Annapolis, Md., to Buck Roe Beach

Fortress Monroe, Va., Oct. 25.—After a flight in a hydro-aeroplane 138 miles down the coast, from Annapolis, Md., Lieutenants Gordon Ellyson and John G. Towers, U. S. N., landed late today on the broad reach of Buck Roe Beach, Virginia, one-half mile from here. The officers were suffering from the bitter cold when they landed and hurried to shelter. They left Annapolis at 12:15 and descended here at 4:30.

..Theatrical..

The theatre-goers of this city have a treat in store for them in the presentation at the Academy Friday night of the big musical comedy success "Around the Clock" which has met with instant favor since its first presentation. It is a musical comedy with more original ideas, latest songs, music, pretty faces, clever comedians, than any other now on tour. The cast is headed by the famous English comedian, Billy Ritchie, who will be remembered for his excruciatingly funny interpretation of the "drunk" in the travesty "A Night in a London Music Hall" seen in the principal vaudeville houses throughout the country for several seasons. He is supported by some very prominent players who are familiar to theatre patrons. Special scenery, properties and other effects are carried intact for each act, which insures a perfect performance.

Seats for this big music show went on sale at Plummer's this morning. Save for the box seats the highest price goes to but $1, which practically makes that the pinnacle price. This concession has been made on account of the large number of attractions playing the Academy this month.

"The Country Boy" Next Wednesday.

In Edgar Selwyn's play, "The Country Boy", which Henry B. Harris will present at the Academy next Wednesday night, November 1st, there is, in the second act, a scene showing the dining room of a theatrical boarding house in New York City. Mr. Selwyn the author, lifted this scene from a famous institution of this character, which, ten years ago was located on West 51st street, in New York City. Mr. Selwyn boarded there, and also his wife, Margaret Mayo. Among the other famous theatrical celebrities who lived there at the time were the Earl of Yarmouth, Eugene Walter, the playright, Elanor Robson (now Mrs. August Belmont), May Hall, Madge Carr Cooke and Jane Kennark. The landlady was a famous old character, and it was she who wouldn't believe that Yarmouth was an Earl, because she said, "The idea of his being an Earl! Why, he hasn't got holes in his socks."

The struggles of a country boy coming to a large city to carve his fortune, finds a parallel in the life of Mr. Selwyn, the author of "The Country Boy" which Henry B. Harris will present at the Academy.

His first position, as an usher at the Herald Square Theatre, was lost by being caught imitating Richard Mansfield, who at the time was playing in the theatre. He then secured an engagement as an actor, and immediately scored a big hit as the Mexican in "Arizona." From then on we find him slowly climbing the ladder of success as an actor with unfailing surety. Meanwhile he was trying his hand at playwriting until finally he showed his mettle in "Pierre of the Plains," in which he starred. Selwyn's life has been one of struggle. He is a self-made man. No proverbial golden spoon has ever passed his lips nor did Dame Fame seek him out during his early struggles to nestle him on her lap. Mr. Selwyn has just written another play which Henry B. Harris produced and which scored in New York and is still playing there. It is called "The Arab" and is said to be a vivid picture of Oriental life.

Metropolitan Concert Company

Tickets for the concert to be given Saturday night by the Metropolitan Concert Company will go on sale at Plummer's tomorrow morning, prices being 75 and 50 cents. The company comes here under the auspices of the Boys' Brigade and the concert will be given in the Academy of Music. Music-lovers are looking forward with great interest to the vent and it is hoped that the Opera House will be crowded.

Humbird Duffey, a member of the company, who has become one of the most noted American tenors, was born in Fredericksburg, Va., in 1879. He began his musical studies at the age of ten, taking up the violin. Developing a singing voice later, he obtained his first choir position in Baltimore, as a bass, at the age of sixteen.

Later he sang in Washington, D. C., and went to New York in 1901, where he sang in all the famous churches, also baritone roles with all the leading Choral Societies over the country, as well as orchestras, and was leading baritone with Mdme. Schumann-Heink in light opera.

Proof of success was given by his engagement for a special performance of "Lazarus" by the Metropolitan Opera Co., and a prominent New York Impressario who heard him in "Paoletta" said he bade fair to become a second Caruso.

The following newspaper clippings as to other members of the company will be read with interest here:

Calgary, Canada, Herald: "Mme. Ohrman, in the 'Elijah,' gave the most exquisite pleasure by the delightful quality of her voice and her remarkable dramatic power. She possesses a voice of great sweetness and flexibility, and her training has evidently been of the best. She displayed a fullness and strength of tone that left absolutely nothing to be desired in a dramatic sense; while the lyric character of her notes was really delightful. She filled the edifice with melody and stirred the emotions of her audience to the depth."

Milwaukee Daily News: "It is with great pleasure that Mr. Duffey announces the engagement of Miss Christine Miller, as contralto, with the Metropolitan Concert Company. Her position in the musical world is fully expressed by the Chicago Tribune in the statement, 'Christine Miller again impressed as the best contralto now in the oratorio field in America.'

"The best known American Basso, Frederic Martin. The press of the entire country have agreed with a prominent critic, who said: He is one of the great singers of the day. He has appeared with great success with the Boston, New York, Philadelphia and Thomas Orchestras, and many other famous organizations. The reasons for his success are many. Not only is he a great artist with a great voice, and thoroughly experienced, but he is a delightful gentleman whom it is a pleasure to know. There is no more popular man on the concert stage than Frederic Martin.

"It is small wonder that Frederic Martin, the distinguished bass, won distinction for his skillfu use of a wonderful voice, and an intelligent interpretation of his airs that could not fail to satisfy the most exacting. Besides being gifted with a magnificent voice that is trained to a high degree of brilliant technique, he has the faculty of communicating certain atmospheric distinction in his singing. His tone is beautiful and powerful, and his art seems to be guided by an unfailing intelligence."

Washington, D. C., Herald: "Mr. Potter is a 'newcomer' in the musical world, and gives promise of attaining rank with our first 'Pianists.' His accompaniments are characterized by that keen perception of the singer's point of view, which is a rare gift of nature and not learned from books.

"Mr. Potter is the most brilliant and artistic pianist yet graduated from the University of Music. He won the diploma of virtuosity and the gold medal of the year by a unanimous vote of the judges. Mr. Potter played a difficult and exacting programme with much beauty of tone, brilliant technique, and a poetic, artistic temperament. When Mr. Potter was quite a small boy he made a reputation as an organist, and his accompaniments were a delight to the singers."

At the Bijou

Yesterday was another big day for the popular Bijou. In fact, by the presentation of one of the biggest and choicest bills ever offered in Wilmington the popularity of the attractive theatre was added to. The films were decidedly bright and of the best brand, while the music was catchy, tuneful and merry. Today's bill is going to be another corcker. It will appeal to every taste and therefore will be specially strong for variety. The dramatic films on today will be the most powerful flashed in days, while the comedy photo-plays will be rich and side-splitting. It is needless, perhaps, to add that each will be decidedly wholesome, because the Bijou has an enviable reputation for the high-class nature and refinement of its bills. The music today will be made up of the brightest gems from Broadway, each this season's hit. Amusement-lovers cannot afford to miss today's rare treat at the Bijou.

At The Grand

Two of th big feature pictures at The Grand theatre today will be a Lubin, "The Scandal Mongers," a character-smudging scheme that failed, and a great Biograph subject, "Through His Wife's Picture," while on the same reel there will be "The Inventor's Secret." Nat Hilt will have an illustrated song, "The Heidleberg Glide," which should prove very amusing.

DOUBLE MARRIAGE CEREMONY.

Two Couples Made Man and Wife in This City Yesterday.

Rev. Dr. J. H. Foster, pastor of the First Baptist Church, performed a double marriage ceremony yesterday afternoon at the Southern Hotel, when Miss Mettie Henry, of Atkinson, became the bride of Mr. E. G. Bostic, of Duplin county, and her sister, Miss Elizabeth L. Henry, also of Atkinson, became the bride of Mr. S. L. Bradshaw, of Roseboro, Pender county.

While the marriages were not unexpected by the friends of the young people, they will nevertheless be somewhat of a pleasant surprise for no date had been set. The two couples came to the city yesterday morning and procured licenses from Register of Deeds John Haar. They then proceeded to the hotel and the ceremony was performed in the presence of only the required number of witnesses, as none of the friends of the young people accompanied them.

Mr. and Mrs. Bostic and Mr. and Mrs. Bradshaw spent yesterday and last night in the city and will return to their homes today.

ROMANTIC MARRIAGE.

Young Couple From Morehead City Were Married Here.

A quiet but somewhat romantic marriage was celebrated yesterday afternoon at the parsonage of Trinity Methodist Church when Mr. John H. Smith and Miss Neta D. Smith, both of Morehead City, were joined in the bonds of holy wedlock, Rev. E. C. Sell, the pastor, officiating.

The young people left their home early yesterday morning and arrived in the city on the noon train from Newbern. They decided to take their friends by surprise and secured a license at the office of the Register of Deeds and were married immediately. The happy couple left on the 3:15 train for Cerro Gordo, where Mr. Smith will be engaged in the lumber industry.

Will Hold Luther Day Service

At a special meeting of the officers and teachers of St. Mattnew's English Lutheran church Sunday school held after the weekly prayer service last night to discuss plans for the Fall and Winter work, it was decided to hold Luther Day services on Sunday, Nov. 12th, as Luther Day falls on that date this year. It was also decided to get the new Hymnal for the Sunday school. This Hymnal is edited by Rev. E. C. Cronk and published by the Lutheran Board of Publications. The teachers will hold regular monthly meetings at which time they will make their reports and all are looking forward to a most successful season's work. Marked enthusiasm was manifested last night and much interest expressed in the plans for the coming months.

Death of Infant Daughter

Friends of Mrs. A. H. Dicksey will tenderly sympathize with her in the death of her infant daughter, Carrie V. Dicksey, which occurred yesterday afternoon at 4:30 at the home of her uncle, Mr. Melvin Horne, No. 14 West Queen street, with whom she and her mother have been making their home since the death of Mr. Dicksey. The funeral will be held this afternoon at the family burying ground on the Market street road about eight miles from the city.

FUNERAL OF MISS HUGHES.

Held Yesterday Afternoon From Family Reisdence.

The funeral of Miss Essie Hughes, whose death occurred Monday at Montrose Sanitarium, Moore county, was held yesterday afternoon from the family residence, No. 1000 North Eighth street. Reev. W. G. Hall, pastor of Southside Baptist church, conducted the services, assisted by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian Church.

Interment was made in Bellevue cemetery. The services were attended by many of the sorrowing friends and relatives of the young woman and the Sunday School class of Brooklyn Baptist Church, of which Miss Hughes was a member, attended in a body. They rendered a song service at the church and also at the grave. A beautiful floral design was their final tribute to their departed fellow worker and companion. There were also a number of other handsome floral designs. The pall-bearers were Messrs. John McDougal, Murray Croom, Walter West, George Schutte, T. A. Croom and J. P. Howell.

Real Estate Transfers.

WRIGHT SEEKS NEW METHOD.

Abandons Experiments With His Glider at Kill Devil Hill.

Kill Devil Hill, N. C., Oct. 25.—Orvill Wright today practically decided to abandon the experiments he has been making here with a gliding machine in the hope of discovering an automatic method of preserving the equilibrium of heavier than air flying machines. His record breaking test yesterday, when he remained virtually stationary in the air for nearly ten minutes, convinced him that the development of aviation depended almost completely on a greater knowledge of air currents and greater skill in meeting such conditions.

"Anyway," he declared, "our experiments can be carried on just as well at Dayton, Ohio, as here."

In view of this unexpected decision of Mr. Wright, it is believed the tests here will end Saturday, when the glider will be shipped back to Dayton.

Mr. Wright declared that his flights here have disclosed to him that the flight of birds is rendered safe by reason of their instinctive adaptation to upward trends of air currents. This instinct, the aviator added, must be supplanted by man's knowledge. A careful study of air currents and their lifting power, in his opinion, is necessary to the advancement of aviation.

The wind was light today, and although more than 20 glides were made by both Wright and Alexander O'Gilvie, none was sensational. Better weather conditions are promised for tomorrow.

RALEIGH AFFAIRS.

Check Flasher in Trouble—Charter Amended—Historical Commission.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 25.—Three bogus checks, each for $11.65, signed by the Acme Wood Co., and drawn on the Wake Savings Bank, have just been passed in Raleigh by a man giving his name as Chas. Gilchrist. His victims were Cross & Linehan Co., gentlemen's furnishers; Peebles & Edwards, general merchants, and C. R. Boone, furnisher. A couple or so dollars worth of goods were purchased in each case to induce the merchants to cash the checks. There is no such concern here as the Acme Wood Co. The police are looking for Gilchrist, but the probability is that he was really a fair faker. Officers are looking for him at other fairs.

An amendment to the charter of the Jita-Cola Co., Asheville, was filed today, changing the name to the Jinger Julep Co., J. M. Charles is president of the corporation.

Governor Kitchin announces the appointment of Thomas M. Pittman, of Henderson, as a member of the State Historical Commission to succeed the late Thomas W. Blount, or Roper. The other members of the commission are Col. J. Bryan Grimes, Dr. D. H. Hill, Prof. M. C. S. Noble and W. J. Peele and R. D. W. Connor, secretary.

Is the World Growing Better?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. Educational and Missionary Convention of State at Fayetteville.

(Special Star Correspondence.)

Fayetteville, N. C., Oct. 25.—From every section of the State there are in this city large delegations of colored Baptists attending the 44th annual session of the Baptist Educational and Missionary Convention of North Carolina. A pertinent feature of the local programme, which began the convention Tuesday night, was the welcome address on behalf of the city by Mayor J. D. McNeill. He was given an ovation when he was introduced by Dr. E. E. Smith, principal of State Colored Normal School and ex-minister to Liberia under the Cleveland administration. Rev. Dr. Whitted occasioned strong applause in introducing Dr. Smith, when he said that the negro ministry must work for the best and become a potent factor in reaching the masses of his race. He especially emphasized the fact that the best element of the negro folk remained South and realized that the Southern white man was their friend. He exclaimed that a certain element of his race had the wrong conception of the negro's possibilities in the South and as an example of the cordiality of the white people of the South to the negro he cited the reception received by the delegates of the recent Lott Carey Baptist Foreign Mission Society in the city of Wilmington.

DECISION FOR $14 000

Judge Gives Wives of Engineer and Captain $7,000 Each

Norfolk, Va., October 25.—Federal Judge Edmund Waddill, Jr., today gave decision for $14,000 against the Philadelphia tug Prudence in fatality actions brought by the wives of Captain Benjamin Charry and Engineer Lee Harper of the motor boat Clara Bell, both of whom were killed when the Prudence rammed the motor boat off the Norfolk navy yard, May 5th. It was an allowance of $7,000 in each case.

Judge Waddill also held the Danish steamer Nor Amerika to be at fault in a collision in lower Chesapeake Bay, January 27th, 1911, between that vessel, bound from Charleston, S. C., to Newport News, and the four-masted coasting schooner Eagle Wing, from New York to Savannah, Ga., via Newport News.

STRANGER TAKEN IN

Experience in Newbern—Fair on Tapis —Real Estate Deal

(Special Star Correspondence.)

Newbern, N. C., Oct 25.—Several days ago a man who gave his name as W. H. Hood, of Kinston, came to Newbern to spend the day and to see the sights. Sometime during the day he became acquainted with a man named Koonce, who lives in the northern part of the city and the two began to celebrate and to see the town together. Several pints of whiskey were purchased by the visitor during the day and ere twilight shadows began to fall both had on an eighteen-karat jag and were thoroughly enjoying their celebration. Hood seemed to have money to burn and purchased whatever struck his fancy. About 10 o'clock that night he told Koonce that it was high time they were seeking a place to spend the night. At this suggestion Koonce invited the visitor to spend the night with him and he accepted the invitation. Arriving at Koonce's home, Hood took from his pocket a roll of bills and counted them. They amounted to $150. This money he returned to his pocket and after disrobing climbed into bed and was soon wrapped in the arms of Morpheus. Arising at an early hour to catch the train for Norfolk he dressed and started to the depot. En route he discovered that his money was missing. Returning to the Koonce home he made a diligent search but failed to find the lost coin. The matter was reported to an officer who visited the place on the following day and found the money lying in the yard and was at once sent to the owner. Hood swears that never again will he spend the night at a stranger's home, especially when he has any money on his person for the next time he might not be so fortunate as to recover his coin.

Among the many other events that will take place during the big agricultural and stock exhibit, which is to be held in this city on November 22nd and 23rd, will be the racing. All arrangements for this have not yet been completed out it is understood that some of the finest racing stock in eastern North Carolina will be entered. Automobilists will also be given an opportunity to show how fast their machines will run. The bicyclists will also be allowed to demonstrate their ability in annihilating space. Not before in years has there been any racing events of importance pulled off in this city and those mentioned above will doubtlessly be largely attended. The committee on arrangements is working hard to secure $1,500 by public subscription in order to secure aeroplane flights here on toose two days and it is quite probable that they will succeed.

One of the most important real estate deals consummated in Craven county during the present month was the purchase a few days ago by Mr. G. G. Bishop, of Detroit, Mich., of the Harrison plantation, a tract of land located about four miles from Newbern and containing 1,700 acres. Several days ago Mr. Bishop came to Newbern for the purpose of looking over the farms in this section with a view of starting up a model farm and bringing a number of farmers here from his State and locating them and letting them experiment with the soil. After looking over several available sites, he finally decided to purchase the Harrison plantation and the deal was negotiated. It is understood that Mr. Bishop will cut the plantation up into sections, build a dwelling and a number of outhouses on each section and will then bring the farmers he has selected from Michigan and locate them on the places. No where in eastern North Carolina is the land so fertile as it is in Craven and adjoining counties.

TRINITY AFFAIRS.

Prof. Brooks' Work—Class Tennis Tournament—Union Club.

(Special Star Correspondence.)

Trinity College, Durham, N. C., Oct. 25.—Prof. E. C. Brooks, of the department of Education, is the author of a book just issued from the presses of Rand, McNally & Company, of Chicago, entitled "The Story of Cotton." The volume contains 370 good sized pages in large, readable type, and is profusely illustrated. It has already been adopted by the educational boards of the States of North and South Carolina and Florida, and will be used in the rural districts of Virginia. The educational board of South Carolina adopted the book when it was in the form of proofs, and before it had even been given book shape.

The class tennis tournaments are still going on with unabated interest. The contests among the upper classmen are nearly ended, while aspirants for places on the freshman team have several matches to play off before the representatives of that class can be picked. The sophomore and senior teams have already been picked, and the sophomores will be represented by Bagley and R. B. Anderson, and the seniors by McKinnon and Fuller. Among the juniors N. I. White has already won a place on the team, and McClees and Cale W. White are to contest for the other place. As soon as all of the class teams have been selected contests between the classes will be held.

The Union County Club of Trinity College, which was organized last year, held its regular meeting Monday night. The following officers were elected: President, K. R. Neal, Monroe; vice president, E. L. Secrest, Unionville; secretary, L. P. Stack; treasurer, W. F. Stannes, Monroe. The new men admitted swelled the roll of Union county men now in Trinity to 13 men.

The first number of the "Trinity Archive", the college magazine, came from the press last week. The editor of the Archive this year is Mr. E. J. London, of the senior class, last year a member of the Chronicle staff and prominently connected with the literary interests of the college. The selection of the pieces is excellent, and the pages are unusually free from typographical errors.

WATERWAYS CONVENTION.

Mr. E. D. Pearsall Writes Some Incidents of the Trip—The Delegates.

(Special Star Correspondence.)

Rocky Point, N. C., Oct. 25.—The convention of the "Deeper Waterways" held in Richmond last week was a notable event. There were nearly 800 delegates and "boosters" present. The auditorium of the Jefferson was filled to capacity. Quite a number of Northern cities sent large delegations, notably Troy, N. Y., that had only 80. Those Trojans were mighty clever fellows and brought down a brass band that cost for entertainment nearly $2,000. They are modestly trying to insert a two-inch augur into Uncle Sam's pork barrel for a canal from Troy to the Lakes. Boston wishes a canal through Cape Cod. Hartford, Trenton and hosts of other cities. Some way in the interior have ultimate views of Uncle Sam's barrel and they are in no ways modest or backward. They bring literature, maps and down to date pamphlets descriptive of their locations. They work on the assumption of "Ask and you shall receive," "Knock and it shall be opened unto you." Judge Gaynor, the present mayor of New York, made a telling speech, the mayor of Trenton, the Dockmaster of New York, Hon. John H. Small, of North Carolina, made appropriate talks. The representatives from this section of North Carolina were few and far between. Secretary Cooper, W. J. Moore, better known as "Bill Tarrymoore," and myself were the only delegates that I saw. If Wilmington had any literature or "booster" present I did not see it, while Elizabeth City and Norfolk had barrels of it to give away.

Richmond is a rapidly growing city with the best of immense hotels, and a street car system that is nowhere equalled in the South. The business done by the mail order liquor houses is simply immense. Any Saturday as much as 10 car loads go out for Southern points. It was said that the waterway convention would drain the city "dry". Not so, why Lee's and Grant's army combined couldn't drain the mail order houses. The good liquor is drank in Virginia, the doctored, chemical stuff is shipped to North Carolina, South Carolina and Georgia, 48 1-2 pints for $5, retail $12, regular "liquor poison"; guaranteed to carry rape, arson, murder and robbery. I was told by farmers at Rocky Mount that even the washerwomen were boot-legging—more money than at the washtub, while large plantations of open cotton fields were passed and not a boll picked out, with 75 cents per 100 offered for picking. The crop in the far-famed Roanoke section looked dwarfish. Nearly everything is planted to cotton and peanuts. Corn looks extremely poor. There's no crop that can compared with those of the Wilmington section, thus proving the assertion of the Star that "ours is the garden spot of the earth." Virginia with all her boasts is only a mineral State. Norfolk and the "valley" are fine farming sections, but around Richmond's red clay soil they don't seem to know how to farm. There is some fine soil around the Seven Pines' battlefield but they don't seem to know the fact. E. D. P.

WHITEVILLE AFFAIRS

Rally at Chadbourn—Mr. Williamson Improved—Other Notes

(Special Star Correspondence.)

Whiteville, N. C., Oct. 25.—Mr. Charley Williamson, who was recently shot in Louisiana, is so much improved that his brothers have left his bedside——Jackson Greer, Esq., has been appointed Game Warden of Columbus county, by the Audubon Society.

Supt. Wooten has called a joint conference of the county Board of Education and the white school committeemen to meet in the Court House at Whiteville, Tuesday, October 31st. Matters of vital importance will be discussed, and Mr. Wooten is anxious to have every committeeman present. Prof. L. C. Brogden, of Raleigh, will be present to aid in the meeting.

The entertainment committee and the Farmer's Union Committee met last night at Chadbourn and perfected plans for the large Farmers' Union meeting which will be held on Wednesday, November 8th, at Chadbourn. This will be one of the largest affairs ever held at Chadbourn and a thousand people are expected. An enteresting programme has been arranged which will appear in these columns later. Any one wishing information in regard to the particulars of this occasion can write to either Mr. D. F. Strole, Chadbourn, president, or Mr. O. M. Powers, Chadbourn, master of ceremonies.

THE DANGER OF RHEUMATISM

The danger of Rheumatism is in temporizing in the treatment, or in failing to realize the powerful nature of the trouble. If the blood is allowed to remain infected with uric acid, Rheumatism soon becomes chronic, and then if not checked it sometimes makes complete physical wrecks of its victims by permanently stiffening the joints and seriously interfering with the bodily nerve force. External applications will often temporarily relieve Rheumatic pains, but do not reach the blood, where the cause is located, and to depend entirely upon such treatment is a very dangerous thing to do. S. S. S. cures Rheumatism by removing every particle of the cause and purifying the blood. It filters out of the circulation every trace of the sour, inflammatory matter, cools the acid-heated nerves, causes a natural and healthy nourishment through the blood to all muscles, joints and bones, and perfectly cures Rheumatism in all its forms. S. S. S. does this great work because it is the greatest of all blood purifiers, acting directly on the source of the disease. Our special book on Rheumatism and any medical advice will be sent free to all. S. S. S. is sold at drug stores.

DURHAM'S PICTURE ROW.

Theatre Man Says Will Sue City—Bull City Aviator.

(Special Star Correspondence.)

Durham, N. C., Oct. 25.—The case against O. F. Wilkerson, manager of the Arcade picture show, for showing "obscene" pictures was continued for a week when it came up in court yesterday morning. The case in itself is more or less one-sided, for the city is proceeding against him under the statute prohibiting immoral, or obscene pictures within the city limits. He will defend himself upon the ground that the pictures are not immoral nor obscene, and that there is nothing objectionable about them. He has all sorts of evidence that the pictures are not objectionable, and there are some of the best citizens that will appear in his behalf.

But the case against Mr. Wilkerson is by no means all there is to the incident of Monday night. He says that the action of the police in stopping his show has placed a black mark upon his reputation, and that it will ruin his record for showing decent pictures, and therefore, he is going to bring suit against the city, the mayor, and the board of aldermen. The amount of damages that he will ask cannot be given at this time, but it is known that he has some of the very best counsel in the city. His attorneys are now before the Supreme Court in Raleigh, and when the case is called it gives promise of being very interesting.

Reports have been received here that the Durham Aviation Company, of which Mr. James M. Umstead, Jr., is the live wire, is making great progress. Mr. Gallahan, the aviator, recently made a flight of four miles, and the machine has carried as high as three persons at one flight. Mr. Umstead, who is a young Durham lad with some money behind him, had hoped to get into the field in time for the annual fairs, but he found that he could not do that. He expects to come home in the very near future, and give some flights before his own people. When he left here last Summer he said that he expected to go into the airship business and manufacture the machines, and he expects to make an improvement on the machine that will hold air navigation a great deal.

The football game, which Manager Lindsay, of the Traction Company had booked for Durham, November 24th, has been called off. The game was to have been played between Carolina and the sailors of the Franklin.

NEW VOLCANOES IN ERUPTION.

Four on Kenai Peninsular Are Belching Great Masses of Black Smoke.

Valdez, Alaska, Oct. 24.—Prospectors returning from Port Wells report that four new volcanoes are belching masses of black smoke on the Kenai Peninsula.

From the mountain towns the eruptions are plainly visible. Two of the volcanoes are close together, joined by a high ridge. The other two are seven miles distant.

FREE RHEUMATISM CURE

Old, Deep-Seated Cases Take Notice!

Botanic Blood Balm (B. B. B.) in the past 30 years has cured thousands of Rheumatics after every known remedy has failed. B. B. B. does this by purifying and enriching the blood—sending a flood of vivifying blood direct to the paralyzed nerves, bones and joints, giving strength and warmth just where it is needed. At the same time B. B. B. kills the active poison in the blood which causes rheumatism. In this way a cure-to-stay-cured is made. If you have bone pain, sciatica, shooting pains, swollen joints, aching back or shoulder blades, blood thin or pale skin—even if bed-ridden with the worst rheumatism give B. B. B. a trial. Only in Paris and Vienna Can You Duplicate French Market Coffee

In France and Austria—where coffee blending is an art—you are served with a rich, aromatic blend, so soothing that it can be enjoyed at midnight; wonderfully different from any other coffee. The secret of this rare blend—the slow roast, that drives out all bitterness—has been known in the old French Market of New Orleans for over a century.

Until the establishment of the French Market Mills the genuine

French Market Coffee

could be had nowhere in America but at the French Market in New Orleans. But NOW you all may serve it daily at your own table. For the old French blend is perpetuated by

The Same Unique Hygienic Roasting Process

and French Market Coffee is now delivered everywhere in hermetically-sealed tins. "There is only *one* real old French Market flavor" —only *one* coffee with a history.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Thursday, October 26, 1911.

The man who isn't on his job is the man who goes wrong.

If Col. Roosevelt can really keep silent, isn't it possible for him to keep still?

The New York Giants are doing their best not to get in the class of pygmies.

Don't ever throw easy balls to a fellow who has the ability to knock you clear out of the box.

President Taft keeps on "giving an account of his stewardship," and it is no more satisfactory than a boy's excuse for eating all the jam in the pantry.

The Charlotte Observer again renews the assertion that "money talks." It has been known to give a fellow away, especially after he has kissed it good-bye.

President Taft declares he would veto those tariff relief bills again. That is precisely the reason the people are not going to give him a chance to put his foot in it any more.

Says the Jacksonville Times-Union: "A woman's rule of reason is because." Woman's rule is without rhyme or reason, and she has more willing subjects than all the earth's potantates could intimidate with their navies.

A certain dead dog with a stomachic content of cyanide of potassium, would greatly aid the Rev. Clarence A. Richeson, of Boston, in his defense during his trial for the alleged murder of Miss Avis Linnell. The absence of the dog in the case will be serious for the accused preacher.

Italy is finding the war with Turkey more expensive than was anticipated. It is rather a war against Turkey than one "with" Turkey, for she isn't bothering herself about doing much figthing. Probably Turkey is saving expenses and proposes to let Italy go broke on her army and navy.

Clarence H. Poe, of the Progressive Farmer, would be a capital man for Secretary of Agriculture at any time, whether it depends on the impossible resignation of Secretary Wilson or the possible election of a Democratic President. His political opponents, however, would attempt to show that he would make a Poe member of the Cabinet.

Why should any legitimate interest be alarmed just because the people are determined to crush the monopolies which have them by the throat? Monopolists are lawbreakers, and because the government attempts to put an end to the lawlessness of the trusts, "big business" pretends to be alarmed. They say it is an attack on vested rights, whereas the people are up in arms to protect their individual rights from the rapacity of those who are so jealous of their vested rights.

The Hon. William J. Bryan is quoted as saying this: "I shall never be President but would rather go to my grave with consciousness that I have done right, that I have done all in my power to give my country the best possible form of government, than to be President." Nevertheless, had he been President he may have brought down criticism on his head and been compelled to go swinging around the circle to set himself right. Presidents sometimes think they are doing their best when they are making trouble for the country and accumulating many woes for themselves. That illustrates the frailties and fallibility of man, and is a great jolt to his confidence in his ability to do things.

TIME FOR MEN TO SHAPE UP

Equal pay with men doing the same work will do women more good than the ballot. There is neither reason nor justice in paying a woman less than is paid to a man for any kind of work which a woman can do just as efficiently as a man. That man is an arrant humbug who pulls off his hat while he is talking to a woman but is ready to drop dead when she asks him for equal pay for working just as hard as a man works when he gets more pay than she does. A man who pretends to believe in popular rights, is deceived in himself when he isn't willing to accord all the rights a woman needs and desires, for a woman is the highest type of all humanity.

If we were to pay a woman in proportion to our politeness and in the generous spirit with which we hand her a bouquet and ladle out hot air, she could buy her own clothes, pay her own board, and lend us money if she is right certain about what we would do with it. If "tne laborer is worthy of his hire" a woman is worthy of her remuneration. Woman wants a square deal and is coming right after us men. Her ideals concerning men are changing and if we don't turn over a new leaf, we are going to be boycotted. It is time for men to look themselves in the face and find out "where they are at."

To show you how women's ideals of men are changing, the beautiful Mrs. Busch, of St. Louis, declared the other day that "the average man is no better than an alley cat." Even Gaby Deslys says the average man is an insufferable bore, and very, very few are worth a moment of her time. Gaby has more time than anything else, and when she hasn't got any to waste on the average man, it's about time to let up on parting one's hair in the middle and strutting around in "yaller shoes" and fuzzy fedoras. It really seems that it is coming to it that when a fellow drops in a nickle to send a missionary to straighten out the heathen Chinee, he had better save his money and hire a missionary to bring him to tau.

One of those New women has proposed that if women can't get their rights all the women in the United States should go on a strike. She is playing with wild fire and is an extremist, but if women were to take a notion to "walk out" for 36 hours and picket the house, the men would have to take to the woods and hide with the hares. Mabel, it would be awful. It would make the men realize the difference between a sawdust sandwich and the meal that is generally ready when he comes home from work. We hope the women won't go on a strike, for it would put men on the hog and the whole bunch would be a one-gallus crowd in less than a week. The hungry jakes would come in by droves and sign up for a new start and a square deal.

The women are getting their eyes open. Let men shape up and face a situation that may put them right out on the bricks. Anyhow, it is a good idea to cheer up, for the worst is to come if the women get to the point where they have to sign up for a strike. If men don't turn over a new leaf, they will keep right on till they will be haled into court and made to pay their wives one-half their salary. They also may have red lights hung out on the front porch of every house from which the old man is absent at the hour of the night when he should be home keeping his wife from favoring the strike. One of the New women has suggested that when a man don't come home at a reasonable hour every night and hang up his hat to stay, that his wife should hang a red light on the porch as a signal that the head of the family is missing. We fear that in most cities, if that rash advice were taken, the streets would look like the shifting yard of a railroad.

Radicalism seems to be the order of the day, but many a man who is running around raising cain about the initiative, the referendum and the recall had better be thinking about some reforms that are closer to home. Better treatment for women at home, fair treatment for the great sisterhood, equal rights for all and special privileges for no man as against a woman, is what men have to face since women are getting educated and militant. Women have learned enough to begin to stand up for their rights and talk out in meeting. We glory in their spunk. They are getting tired taking a diamond ring, or one with a California setting, and then have to work to pay for it from the very day after the honeymoon till the day of the feminine strike. They put up with a great deal, but one thing they can't stand for is for the head of the house to remain away till "the witching hour of night when churchyards yawn and hell itself breathes out contagion to the world."

AN IMPROVIDENT LOT.

New Zealand is using milking machines and it is said that country's dairying business has become one of the greatest in the world. We don't know how they do their milking away up North or away out West where they make the butter that we use on our tables in North Carolina homes, but we do know that North Carolina ought to have enough dairies to supply the home demand and ship the surplus to the markets which are reached by three great railroad systems running right straight into the North.

Every time a Southerner eats butter he ought to get ashamed to look a cow in the face. Nine times out of ten we are eating oleomargerine, butterine or renovated butter instead of the genuine article. We are doing it, too, in a country that ought not to buy a pound of butter. We are plastering on our bread something that we do not know whether it is butter or some good or poor imitation of the genuine article. We are doing it in a country that has natural ranges for fine cattle, or where we can grow pasturing products almost every month in the year. We are indulging in all kinds of butter and its substitutes when we have in North Carolina the richest of all cattle feeds in the products of our cotton seed oil mills. We are shipping away our cotton-seed cake and cotton-seed hulls to the cold regions of the North so we can pay ten times its value in butter that it produces and is sent back to us from the dairies of States which have outstripped us in dairying.

Chicago rejoiced last week because the carload freight rate on cotton-seed meal had been reduced from New Orleans on account of water competition. Chicago is a wholesale centre for cotton-seed products and her trade in them with Canada and the Northwest is enormous. The people who are purchasing those products are doing so to feed their cattle, produce their butter and milk, manufacture cheese, and send to the South millions of dollars of dairy products that might be produced in North Carolina or any other Southern State at less cost. Surely we are an improvident people and we will not wake up good till we commence making our living upon our own tremendously rich resources. We ought to live off the fat of our land, but we are planting cotton for "bear" manipulation and for the world to gamble over. We are wasting our energies growing a product that is treated like the stakes in a game of craps. We ought to stop that game with a counter game of crops, diversified on the broadest lines.

When people are talking about establishing industries, they inquire about what this country can manufacture. Why, they can manufacture everything for which there is a great demand. In Wilmington there is manufactured between $6,000,000 and $7,000,000 worth of fertilizers. Why? Because there is right around us and throughout the South a great demand for fertilizer products. The fertilizer factories are here and are busy because there is a demand and they are determined to supply it.

There is a demand in Wilmington and throughout the South and North for dairy products and we have at first hand all the elements for successful dairying, yet we are wondering what we can start in the way of industries. There isn't any use to wonder about it. We can look around and ascertain what products and commodities are in demand and will find a ready market, whether at home or abroad, and right then we will find an opportunity to establish an industry. The opportunities are sticking out right under our noses, and capital and initiative is all that is lacking. If the capital is here, we ought to get the necessary initiative or else import people who have a good stock of it on hand.

We are hungry for Jersey butter, and some good sweet milk, and we wouldn't mind eating some good old North Carolina cheese. Our people should buy some Jersey cows or other paying cattle, and do away with the degenerated bovines with backs like the ridge-pole of Davy Crockett's log hut. We ought to be producing our own butter, beef, mutton, pork and other products that would find a ready demand at home, and every acre of cotton which the farmers cut out next year ought to be devoted to producing something that we can consume at home.

As it is, we are an improvident lot, bigoted with what appears on the surface to be prosperity. We must get the cotton idea out of our heads, and quit producing one commodity with which we hope to buy a hundred.

Dr. Cook's attempt to show a picture of the North Pole was more than a skeptical Copenhagen mob could stand. Those Danes are from Missouri and no doubt would have liked to have seen the kodak with which Dr. Cook photographed the pole and the persimmon.

CURRENT COMMENT.

From ten acres of land in this section this year a farmer got 400 bushels of clean threshed oats and about 30 tons of peavine hay. He will realize more than a thousand dollars from the ten acres. He also grows plenty of potatoes and raises plenty of hogs. He says there is more money in hogs than anything else he can raise. There is more money to be made from oats and hay, potatoes and hogs than from cotton, even at ten cents, but few farmers believe it.—Fayetteville Index.

There is nothing very strange about the announcement that the weather has caused a postponement of Spain's operations in Morocco. The weather has done more than that. Consider what it has done at Philadelphia.—Savannah News.

The Wilmington Star wishes North Carolina to manufacture macaroni, Why not? We imported last year $4,480,582 worth and it can be made in North Carolina as well as in Italy. Diversification of industries alone promotes prosperity.—Raleigh News and Observer.

Temperamentally, and in several other particulars, Mr. Wickersham is unfitted for the office. The country wants no such loquacious, mercurial, impetuous and chronically ill-advised personage as Wickersham on the bench of the Supreme Court of the United States. Don't do it, Mr. Taft.—Buffalo Times.

We cannot agree with the Spartanburg Herald that the board of directors of the Seaboard Air Line is a "quarrelsome and rowing" one. On the contrary, it is a progressive, energetic and liberal board. Those who have had some intimation of its dealings, or attempted dealings with the officials of the Clinchfield road, will be likely to conclude that the blame for the falling through of different agreements is not altogether to be laid on the Seaboard.—Charlotte Chronicle.

The recent passage of the woman suffrage amendment in California is likely to lead to curious results. Along with this vote went the adoption of the recall and the other novelties. Now it seems the opponents of woman suffrage are arranging under the recall privilege to get a second vote on the subject. They need 8 per cent. of the voters to sign petitions and then the vote must be taken. They are at work on this already and expect to have the vote in 90 days. They believe that this time they will win, and here's one of the interesting features of the situation, they are counting on the votes of women to defeat woman suffrage.—Hartford Courant.

The names of Chief Justice Walter Clark and ex-Gov. C. B. Aycock appear in the list of eligibles for the vacancy on the Supreme Court bench occasioned by the lamented death of Justice Harlan. The fact that Mr. Taft has evidenced a friendly feeling toward the South in the matter of making some of his selections partially accounts that the names of these North Carolinians are mentioned. His own fine, acute judicial temperament and his insight into those peculiar qualities that fit one for so important a position enters into the merit of this case and emphasizes the belief that in the event of the selection of either he might go farther and do worse. While both these gentlemen are out after political preferment at this time on their own responsibility, it is not going too far to assume that the selection would be satisfactory to them.—Charlotte Observer.

MRS. SCOTT WELL AGAIN

Good News From Martin Tells of Timely Recovery—Details Regarding the Case.

Martin, Tenn.—Mrs. Gennie Scott of this city, says: "For years I was troubled more or less with womanly troubles. Sometimes I would have shortness of breath, and smothering spells. I tried several doctors, but they only gave me temporary relief.

At last I tried Cardui, the woman's tonic, and found it to be the medicine suiting my case. I was quickly relieved by it, and now, for the first time in years I am very well and enjoy good health.

I praise Cardui for these good results. I recommend the medicine to my friends, because I know it is good, safe and reliable. It helped me wonderfully, and I can truthfully say that Cardui is the best medicine I have ever taken."

Be sure that Cardui, the woman's tonic, will bring you help, if you will use it regularly, and for a reasonable length of time.

You know you can depend on Cardui, because you have read of so many who are enthusiastic in its praise. Cardui has stood the test of time, the supreme test of merit.

Cardui is successful. It has been found to relieve womanly pain and build up womanly strength. Try Cardui. It will help you.

BETTER TRAIN SERVICE.

Southern to Put on Additional Train Out of Asheville, N. C.

(Special Star Correspondence.)

Asheville, N. C., Oct. 25.—In relation to the statement in yesterday's Gazette-News, that efforts were being made to have another train put on by the Southern, between Asheville and Salisbury, which would connect with the fast Birmingham train for New York, S. H. Hardwick, passenger traffic manager last night received a message from Vice President Culp that President Finley had given instructions that an additional train be inaugurated between this city and the East. It is planned to have the train carry through Pullman drawing room and a sleeping car between Asheville and New York. President Finley also gave instructions that trains Nos. 11 and 12 be provided with Pullman observation cars which will add greatly to the pleasure of the journey. This improved service is in line with the evident intention of President Finley to do everything in his power to induce travel to this section.

The new train will not only greatly accommodate those who wish to go to New York and the East, but by the tentative schedule people to the east of Asheville and on this side of Salisbury can spend several hours in this city and return to their homes at night.

GRAY HAIRS VANISH

Harmless Remedy Made From Sage and Sulphur Restores Natural Color.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle today, and let it do for you what it has done for thousands of others.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

SEWERAGE QUESTION AGAIN

Meeting of Council Yesterday and Representatives of City Left Last Night for Philadelphia to Confer as to Papers.

Following a special meeting of the City Council yesterday at noon at which they were advised of the position to assume in the different phases of the proposition that may be presented at the conference, City Attorney Herbert McClammy and Capt. Thos. D. Meares, city clerk and treasurer, left last night for Philadelphia, where they will meet the attorneys of the bondholders of the Wilmington Sewerage Company for the purpose of putting in shape for final action thereon the papers which will transfer the existing sewerage system to the City of Wilmington and bind the bondholders to build additional sewers to meet the requirements of the city, involving all told $400,000 or $500,000.

They may be in Philadelphia for several days, while on the other hand the papers may be approved at the first meeting. Iredell Meares, Esq., local counsel for the bondholders, went on to Philadelphia Tuesday night to confer with his clients. It was understood when he left that City Attorney McClammy would follow last night, the Council Tuesday afternoon having so voted, but it was not until yesterday at noon that the Council decided that Capt. Thos. D. Meares should accompany the city attorney, this being on the ground that the latter's ability and experience in matters of finance will be of value to the city in arranging the agreements. Mayor Smith cast the only vote against sending Capt. Meares, taking the position that the financial details would be settled here later.

At the conference yesterday Mr. McClammy brought out a number of points in connection with the proposed transfer and he was instructed by the Council as to what position to assume on each. The Council gave some consideration to the question of the amount to be named in the mortgage to be given by the city to cover the purchase price of the existing system and the contemplated enlargement, and it was suggested that $500,000 might be placed as an outside limit, as it is expected that not more than $340,000, exclusive of the purchase price of the present plant, will have to be expended in order to give Wilmington an adequate sewerage system that will meet the requirements of the town for a good many years to come. The Council considered also questions as to the payment of interest on the amount to be borrowed, time of taking over the system, stipulation of the company as to a trustee of taking charge should the city default in payment of interest after a stated period, the company proposing that this period be 30 days and the city insisting that it be 60 days; whether the city should assume liability for the bonds in addition to the mortgage on the plant; requirement that the enlarged plant be built under direction of an engineer to be mutually agreed upon and subject to approval of North Carolina State Board of Health; as to bookkeeping and checking of expenditures when the work of enlargement of the system is begun, and various other points were fully discussed by the Council and City Attorney McClammy given instruction as to what position to assume in the conference in Philadelphia.

Mr. McClammy was instructed to decline to accede to the request that the faith of the city be pledged in support of the bonds to be issued by the bondholders, in addition to the mortgage on the plant, as the Councilmen feel that the mortgage on the plant will be sufficient. It was stated that the company proposes that 30 days be named as the period in which a trustee of the bondholders will have the right to take charge of the plant in the event the city default in payment of interest, and Mr. McClammy was instructed to insist upon making this period 60 days. Mayor Smith suggested that interest would be saved if the transfer was deferred until January 1st, but other members thought that it would be well for the city to assume ownership immediately with an agreement that the company retain the income until the city is ready to begin paying interest.

Just before adjournment of the meeting, which lasted for about an hour, Mayor Smith said that Mr. A. D. Wessell wished to know what action to take with reference to the Jacob's Run drain passing through his property in front of the Front street market house. Upon motion the matter was referred to Dr. Chas. T. Nesbitt, city superintendent of health; City Engineer F. F. Pillett, and Assistant City Attorney Geo. L. Peschau, and they will consider the matter this morning.

REV. C. R. W. KEGLEY

Former Wilmington Pastor Accepts Call to Chicago, Ill., Church

The following from the Bluefield, W. Va., Daily Telegraph, of last Sunday, will be read with much interest by many friends of Rev. C. R. W. Kegley, who is pleasantly remembered in Wilmington as a former pastor of St. Matthew's English Lutheran church, of this city. The Bluefield paper says:

"Rev. C. R. W. Kegley, who for four years has been the beloved pastor of the Graham and Bluefield Lutheran churches, has accepted a call from a large mission church in Chicago and is planning to leave with Mrs. Kegley for their new home about November 1st. He has had this call under consideration for several months and has felt from the first that, as it offered a much larger field, it was his duty to accept, but it seems that the southern board of missions of his church was not willing to give him up. The northern board, however, has been persistent in its demand for his services, and the southern board has finally consented, reluctantly, to release him.

"Mr. Kegley's decision, which has been announced to his congregations heer and at Graham, while not a surprise to them, as they knew he had this call under consideration, is a source of genuine regret, as they had hoped against hope that he might see his way clear to decline it, as he has declined, since its receipt, flattering calls from Bristol and Salisbury (N. C.) churches.

"Mr. Kegley preached his first sermon in Bluefield on November 1st, 1907. At that time the local church had been without a pastor for several years, the congregation was scattered and the church owned no property. During Mr. Kegley's pastorate the congregation has been gathered into a compact organization and additions have been made until it is one of the strongest religious forces in the city. The church now owns a splendid lot at the corner of Mercer and Duhring streets, on which is a commodious building that is used both as church and parsonage, and only a few weeks ago the board of trustees definitely decided to begin the erection next Summer of a new church and parsonage.

"In addition to his worth as a pastor, Mr. Kegley will be missed as a public-spirited citizen of the city. He was the prime mover in the organization of the Associated Charities and it was due solely to his efforts that a local camp of Boy Scouts was organized here.

"No small factor in Mr. Kegley's success as a pastor has been his estimable wife, who has been no less popular with the Graham and Bluefield congregations than is Mr. Kegley himself.

"Both Mr. and Mrs. Kegley will be sadly missed, not only by the two congregations but by the people of Bluefield and Graham as a whole, and the Daily Telegraph feels that it speaks for the community generally when it bespeaks for them the richest success in their new field of labor."

FOOTBALL HERE SATURDAY.

Rocky Mount Apprentice Boys to Play High School Team.

The Wilmington High School football team will play its first game on the home grounds Saturday afternoon when they will contest with the eleven of the Apprentice Boys of Rocky Mount. It is expected that the attendance will be unusually large, for the appetite of the fans has been whetted by the football talk that has been indulged in here for the past month. The local team won a few days ago from the strong team of the Donaldson Military School of Fayetteville and the boys expect to capture the game Saturday. The Wilmington line-up has not been determined, owing to the large number who are showing up well in the practices which are being held every afternoon.

Coaches Shaw and Ruffin have worked hard since the Donaldson game and assure every one that the High School team can be depended upon to deliver the goods. The team will be picked from the following: Backs, R. Burnett, (capt.); Hall, Houston, Williams, Smith, Thames and Jackson; ends, Monroe, Hashagen, Stone and Silverman; tackles, Meier, Burnett and Robert Frier; guards, Shaw, Herring, Raymond Frier, William Frier; center, Penny and Wells.

The Rocky Mount team is composed of some of the huskiest boys who work for the A. C. L. at that place and average about 135 pounds. They have been hard at practice and will work hard for the game Saturday. The line-up will be selected from the following: McRae, H. Morris, Sidbury, Lewis, Derby, Quillen, Moore, Bolton, Redall, Chadwick and Williams.

The game will be played at League Park, beginning at 3 o'clock, and the admission will be 25 cents.

THE RECORDER'S COURT.

Short Session Yesterday—Negro Draws Heavy Fines.

James McKoy, colored, was tried in the Recorder's court yesterday on two charges, assault with a deadly weapon an assault upon a female, one Carrie Freeman, also colored. He was found guilty in both cases and in the first a fine of $25 and costs was imposed, while he was taxed $10 and the costs on the second count.

E. Berkley, a white sailor, submitted to a charge of disorderly conduct and judgment was suspended on payment of the costs. Mr. W. J. Mintz, who had a slight altercation with Berkley while the latter was in an intoxicated condition, submitted to a charge of assault and battery and paid the costs.

A nol pros with leave was taken in the case charging William Bennett, colored, with an assault with a deadly weapon. Baxter Brown, a negro, was found not guilty of trespass and the case was dismissed.

Mr. E. F. Peschau Holds Medal

In the competitive drill of the Wilmington Light Infantry held on the lawn in the rear of the armory Tuesday night, Mr. Ernest F. Peschau proved to be the best drilled soldier in the company and was awarded the company medal which he is entitled to wear for the next three months. Mr. R. H. Grant, Jr., has held the medal for the past three months. This is the second time within six months that Mr. Peschau hase taken the honors in drilling tactics. He won the company cup given to the best drilled man on the evening of May 20th, when a competitive drill was held on the ball room floor at Lumina.

ATTEMPT TO STOP DISORDER

Councilman of Public Safety Delivers Ultimatum to Denizens of Underworld, Who Appear Willing to Abide By 't

Recent special efforts of the police department having failed to yield all the results desired, lessening but not eliminating entirely causes of complaint in the section of the city known as the underworld, Councilman B. C. Moore, in charge of Public Safety, had all keepers of houses in the section named to gather in the district late Tuesday afternoon so that he could deliver to them an ultimatum, and this he is said to have done in no uncertain terms.

The women readily expressed themselves as being willing to do their utmost to stop any disorder that has been prevalent in the section and thereby remove the cause for complaint as made by several citizens living in the neighborhood.

Councilman Moore was accompanied on his trip by Assistant City Attorney Geo. L. Peschau and Chief of Police John J. Fowler. There were present some 15 or 16 keepers of the houses in question and they were represented by counsel, Walter P. Gafford, Esq. The step taken by Councilman Moore was highly pleasing to Mayor Smith, who said yesterday that he had volunteered to accompany the Councilman in charge of the department of Public Safety if he could be of any service. He regarded the move as the proper one in every way.

"I am determined," said Councilman B. C. Moore in discussing the matter last night, "to put a stop to certain causes of complaint from time to time, made to my department. The occupants of hacks and automobiles in and around Princess and Chesnut streets, at night, and other disorders, especially in the eastern section, have given us no end of trouble. Special men have been put to work and while conditions have improved, the causes of complaint have not been entirely removed. Indictments were returned at the last term of court against a number of the women in this section on charge of special character and these cases are for trial in the Superior Court. But other causes of complaint made by people in the vicinity are of frequent occurrence. These my department has been investigating.

"A message was sent to me from a number of women in this section, in reference to these additional complaints, telling me that they were being constantly watched and urging me to tell them what to do and that they would do it. In consequence I sent them a message to get together and I would tell them some things they have to do, and do quickly. Requesting the chief of police and the assistant city attorney to accompany me, I went out yesterday after the meeting of the Council, and these women were notified that, from this time on riding in hacks and automobiles with men, talking with men on the streets, disorder in and around their houses, the playing of music boxes after 11 o'clock at night and the sale of liquor, if they were selling it, had to stop, or drastic measures would be resorted to.

"There was no parleying. They were told what they had to do, and they expressed an intention and desire to do so without being forced by warrants.

"We found that they were attended by counsel when we reached the place, speaking through him, it was suggested that much of the trouble in the neighborhood was due to automobiles over which they had no control. I notified them that these too would receive our attention. In leaving, I stated that I had sufficient evidence on charges for the Superior Court, and that I would withdraw the name-takers for the present in order to see what they would do to better conditions themselves."

CUMBERLAND FAIR.

Biggest Crowd on Record for Opening Day—The Exhibits.

Yesterday afternoon's Fayetteville Observer says:

"The 49th annual fair of the Cumberland County Agricultural Society opened today under the most favorable auspices. The skies were clear and the atmosphere, slightly frosty, was blood tingling and invigorating.

"Before the sun came up, great crowds of pople, walking, on horseback, in buggies, carriages and wagons, began rolling into the city on every thoroughfare, and when the early morning trains rolled in over the C. F. & Y. V. and the A. C. L., a multitude of people filled the streets.

"About 8:30 o'clock the first section of John Robinson's ten big shows came in from Selma, and then the second and third sections, and all day long the influx by every train and by private conveyance has been almost unceasing.

"And not only in point of attendance, but in exhibits in the different departments, the Fayetteville Fair this year eclipses any ever held, we believe. Yesterday afternoon at the closing of the entries, the exhibits were double what they were last year. The stock and poultry departments are full and very good, and the food and condiment section is wonderful.

"The attractions are more numerous than have ever been given at any former fair, and the people are taking them in and enjoying them to the fullest.

"Very large crowds came in at noon on the Bennettsville, Florence, Wilmington and Raleigh & Southport trains.

"The parade of marshals with ex-Secretary G. W. Lawrence, President T. J. Purdie, Treasurer Walter Watson and Secretary Z. P. Smith, led by the Third Regiment band, and followed by citizens in vehicles and automobiles and John Robinson's grand parade, went out to the grounds at 12:30 o'clock."

Leader's Corps Organized.

Physical Director B. A. Thees, of the Y. M. C. A., organized a Leader's Corps in the gymnasium of the institution last night. This is an advance step in gymn work and it is expected that it will mean much better organization and added interest. The personnel of the corps is Messrs. F. C. Dula, R. P. Houston, Leon Walsh, J. U. King, Fowler Morrison, J. E. Cheek, and K. Davis.

CHARGE OF EXTRAVAGANCE

Brought Against City Administration by K. C. Sidbury, Esq., at Recall Movement Mass Meeting. Committee.

Apparently disgusted because of the failure of their idols to make the stirring speeches that they were wont to deliver at previous gatherings of the kind, so many of the 100 persons assembled at the Court House last night left the room unceremoniously that there was not sufficient number remaining to adjourn the meeting formally. The meeting was absolutely devoid of any features except the rather sensational charge of K. C. Sidbury, Esq., leader, last night, of extravagance in the management of the affairs of the city with a hint that there is something akin to graft in some of the departments.

The net result of the meeting was the appointment of a committee to revise the various copies of the recall petition, eliminating the signatures of those persons who are ineligible by reason of failure to pay poll tax, and supply information lacking in many instances as to age and address of the signer. It was suggested, though not publicly, that the signatures of some persons were on more than one petition. The committee, as named by the chairman is composed of the chairman of the meeting, Mr. T. E. Green, by virtue of his office, Woodus Kellum, Esq., who is chairman of the committee, K. C. Sidbury, Esq., and Charles Wessell. This committee is empowered not only to put the copies of the petition in proper shape, but to determine the time and present to the Council the petition for the recall of the Mayor and every Councilman.

The crowd was slow in gathering. At 8 o'clock, the appointed hour, there were less than 50 in the court room, while at 8:30 there were not more than 75 present. A few minutes before 9 o'clock Rev. J. W. S. Harvey, who took a prominent part in former mass meetings, called to consider the recall, arose and inquired if there was going to be a meeting. Mr. Sidbury, who was in conference with Mr. Green and one or two others, said that they were waiting on Mr. Kellum, who had been in the meeting, but was not present then. Mr. Harvey replied that Mr. Kellum might keep the crowd waiting all night. There was quiet for a few moments and then the audience became so restless that Chairman Green had to call the meeting to order. Mr. Kellum did not take part in the meeting and probably only a few of those in the court room knew he was present. He was there all right, occupying a seat in the passageway just off from the jury box. K. C. Sidbury, Esq., appeared to be master of the situation last night and certainly carried it out according to the pre-arranged programme. The chairman called on him to state the object of the gathering, which he did, and said a little more before he took his seat.

Mr. Sidbury said that the object was to decide when the recall petition should be presented to the Council for action and remarked that as some of the copies were not properly signed that it would be necessary to have them put in shape. He suggested the appointment of the committee, which was named as stated above. Mr. Sidbury said that he thought there were enough names of qualified electors to secure the recall, though he remarked that it would not be amiss to secure additional signatures. He remarked that as it appears the City Council intend to enforce the sanitary tin can ordinance after the expiration of the 60-day suspension next Tuesday and the health department has given it out that the cow ordinance will be enforced to the letter, that he is convinced that any number of additional signatures can be secured.

Mr. Sidbury then attacked the administration, declaring that there had been extravagance in practically every department and intimated that in some there was graft. To prove his contention that the administration is extravagant he mentioned the fact that City Attorney Herbert McClammy has been sent to Philadelphia in regard to the sewerage question. Then he read a bunch of figures he had obtained from the City Hall to further bear out his contention and commented upon the method of bookkeeping, which, he asserted, was a marvel to a person who wanted to get information. Among the various items read was one for $3,768 for sanitary tin cans. He said that by adding the cost of equipment and the scavengering of the cans, the whole represents an expenditure of about $5,000. He declared that he was not in favor of a commission form of government, but after it was voted by a majority he gave it his support and voted for three of the present Council, but was woefully disappointed in them. He said that he was in the movement to the end, not saying, however, whose end he had reference to.

Just when action was about to be taken on Mr. Sidbury's motion for the appointment of a committee, Dr. Russell Bellamy, from out in the audience, asked to be heard and he made a short talk in which he exhorted his auditors that now is the time to act and made a thrust at Councilman B. C. Moore in charge of the Department of Public Safety because he has seen fit to take stock in a new undertaking establishment soon to be opened in the city.

Mr. J. W. West, who issued the call for the first meeting held to consider the tin can ordinance, out of which has grown the recall movement, inquired of Mr. Sidbury as to how many signatures of qualified electors are contained on the petition. Mr. Sidbury said that he could not tell exactly, but thought there were something like 1,000. Someone inquired when the committee would act and Mr. Sidbury replied in about ten days.

The interrogators of the evening did not impress one with being as zealous in the cause as they were formerly.

Another thing noticeable at the meeting was the absence of Mr. J. S. Ramos and Mr. T. L. Ruth, who were among the speakers at some of the former meetings. Mr. Ramos is now temporarily residing in Charlotte, but has sent word that he will be ready to enter the fray in the event of a warm contest.

It was learned from a reliable source that 300 more signatures are needed to the petition before they have enough for the recall.

The statement was also made last night privately by one closely identified with the movement that the whiskey people would take a hand in the fight after the petition has been presented to the Council.

THAT BIG WHITE BUILDING

Become a Depositor

ONE of the objects that every progressive man or woman should seek is to be a bank depositor. This bank numbers among its patrons many well-to-do, substantial people who began their bank accounts with small amounts. They have accumulated property and increased their bank deposits by careful saving and planning. We invite people in every walk of life to become depositors of this bank, and we assure every courtesy and attention.

THE REO TRUCK.

Demonstrations Being Given by Gibbes Machinery Company—Test.

Although in quite general use as pleasure vehicles, the automobile has never appealed to the Wilmington commercial world as it has to a great many other cities, notably Columbia, S. C., and Charleston, where the fire and police departments even are alive to the possibilities of the gasoline-propelled vehicle from the standpoint of economy and efficiency of service.

However, the advent of the commercial car is not far distant and the Gibbes Machinery Co., of this city, is just now demonstrating an automobile truck that bids fair to prove quite popular here. It is a Reo, single-cylinder machine, that seems capable of "walking off" with anything placed upon it. Manager R. G. McCreight yesterday gave a demonstration of the truck by taking a heavy piano from the Stieff Music House, loading it on the truck and driving down to the Sound and back with the ease and almost the speed of the pleasure automobile. In addition to the piano, there were two husky helpers on the truck, the driver, Mr. McCreight, in this instance, and one other passenger. As to the cost of operation, upkeep, etc., Mr. McCreight will be pleased to talk to anyone interested.

FUNERAL OF MRS. GAYLORD

Services Held Yesterday Morning from Baptist Church

In the presence of a large concourse of sorrowing relatives and sympathizing friends, impressive funeral services were held at the First Baptist church at 11:30 o'clock yesterday morning, in memory of Mrs. Martha Alberta Gaylord, the beloved wife of Mr. George O. Gaylord, whose death occurred Monday evening. The services were conducted by Rev. Dr. J. H. Foster, the pastor. There was a profusion of flowers placed upon the newly made mound in Oakdale cemetery and attested the high esteem in which Mrs. Gaylord was held by those who knew her. The pall-bearers were: Messrs. W. B. Cooper, R. H. Pickett, F. A. Muse, George Sloan, Dave Sloan, R. B. Smith, R. C. Cantwell and Mr. Maultsby.

Goldsboro Party in City

The numerous friends of Capt. Nathan O'Berry, of Goldsboro, were rejoiced to see him on the streets yesterday following a long illness from which he has recovered, much to the gratification of all who know him. Capt. O'Berry was here on his way to Whiteville, to which place he was accompanied by Major J. B. Edgerton, Dr. M. E. Robinson, and Messrs. F. K. Borden, Charles Dewey and A. H. Edgerton, of Goldsboro. These gentlemen are interested in the Whiteville Lumber Company and their trip was in the interest of that concern.

The social whirl has made many a girl giddy.

Raleigh, N. C., Oct. 25.—At the Church of the Good Shepherd this afternoon at 5:30 o'clock, there was the marriage of Miss Pattie Carroll and Mr. Henry Walter Whichard, the latter a rising young business man of Norfolk, Va. It was a very pretty marriage ceremony in which Dr. I. McK. Pittinger, the rector, officiated and for which there were especially attractive decorations consisting of superb chrysanthemums, palms, ferns and other plants blending with many burning tapers. The bridal party included Mrs. L. A. Carr, Durham, as dame of honor; Mr. C. L. Whichard, Norfolk, best man, and Dr. Chas. B. Clifford, Norfolk; Mr. Jno. Wales, Jr., Norfolk; Mr. Robert Dicks, Greensboro, and Mr. Herbert Carroll, Charleston, as groomsmen and ushers. The bride was given away by her brother, Dr. Norwood G. Carroll.

* * *

Rocky Point, N. C., Oct. 25.—At the residence of Mr. W. M. Sanderson, at Rocky Point, Miss Annie Parker Sanderson, was led to the altar in marriage today by Mr. Marvin William Nelson, of Newbern, N. C. The bride was attired in a handsome tailored brown cloth suit and carried a beautiful bouquet of ferns and carnations. The groom was dressed in the usual conventional black with white vest and tie. The parlor was decorated with smilax, golden rods, palms, ferns and cut flowers. The ceremony of the Methodist Church, South, was impressively read by Rev. J. J. Parker, of Morven, N. C., a former pastor of the bride. Mrs. Nelson is a most charming young lady, the daughter of Mr. and Mrs. W. M. Sanderson, and Mr. Nelson is a popular young man engaged in the manufacturing business in Newbern, N. C. There were present quite a large number of friends of the contracting parties. Mr. and Mrs. Nelson left on the 10 o'clock train for Washington and other northern cities and will return to Newbern about the middle of next month.

CLUB FROLIC TAKES PLACE AT CAROLINA THIS EVENING.

The annual club frolic of the Carolina Yacht Club, arranged primarily for the presentation of prizes won in the season's races, will take place at the handsome club house at Wrightsville Beach tonight and the members are looking forward to the affair with the happiest anticipation. Judging by the large attendance of last season there will probably be 200 to enjoy the event this evening. The prize winners in this year's races are Capt. J. Stevenson Brown, who takes the Jones-Walters trophy, and Capt. Edwin A. Metts, who won the club prize, a silver cup. Geo. B. Elliott, Esq., assistant general counsel of the Atlantic Coast Line Railroad Company, and an enthusiastic member of the club, will make the speech of presentation, and it will be responded to by the recipients of the prizes. A handsome trophy is given each year by Mr. Pembroke Jones, of New York, and Mr. Henry Walters, of Baltimore, both well known financiers, who have been members of the club for a number of years. A band has been engaged for tonight and following the presentation of the prizes there will be music and dancing, followed by the service of refreshments. The party will return to the city about midnight.

FIRST GERMAN OF FALL GIVEN LAST EVENING

L'Agile Cotillon Club opened the social season last night in the ball room of the Msonic Temple with the first dance of the Fall and the delightful affair was largely attended by the members of the club and their guests. The hours were from 9 P. M. to 1 A. M., and every minute was thoroughly enjoyable. In addition to the club members dancing there were several visiting young ladies present and also several officers from the United States revenue cutter Seminole and the army post at Fort Caswell. Music was furnished by the Hollowbush orchestra.

Mr. E. F. Peschau, the club leader, with Miss Del Burbank, led the german.

Among those present and dancing were: E. F. Peschau with Miss Del Burbank; Louis T. Moore with Miss Jessie Watt, Thomasville, Ga.; Jos. N. Jacobs with Miss Ellie Emerson; Milton Gore with Miss Duralde Borden; T. F. Wood with Miss Margaret Smith; P. M. Holmes with Miss Kate Myers; Waddell Watters with Miss Eugie Woodruff; Lee Pender with Miss Theresa Parsley; B. O'Neill with Miss Almeria Stevenson; Stone Pulliam with Miss Lucile Skinner; Lieut. F. SIMPLE BUT BEAUTIFUL HOME WEDDING CEREMONY.

A quiet but pretty home wedding was solemnized at the residence of Mr. and Mrs. E. J. W. Anders, No. 105 North Ninth street, yesterday afternoon at 5:15, when their daughter, Miss Jennette Anders, and Mr. W. W. Peterson, of Atkinson, plighted their troth, Rev. E. B. Carr, of Atkinson, officiating.

The impressive ring service was used and the ceremony took place in the parlor. The home was handsomely decorated in a color scheme of green and white, ferns and cut flowers being used in profusion. The bride was becomingly attired in a gown of champagne satin with real lace and pearl trimmings and carried a shower bouquet of chrysanthemums and maiden hair ferns. Little Miss Sadie Anders, sister of the bride, acted as flower girl and little Miss Mary Bailey Orr, of Marion, S. C., niece of the bride, was the ring bearer, carrying the ring on a satin-tufted cushion.

Owing to a recent death in the family of the bride, no invitations were issued and only the friends and relatives of the bride and groom were present. Following the ceremony delightful refreshments were served the assemblage.

Mr. and Mrs. Peterson left on the evening train for Atkinson, where they will make their future home. The bride is a handsome and charming young woman and is very popular among a wide circle of friends. The groom is a prominent business man of Atkinson and also has many friends in this city.

Among the out-of-town guests were Mrs. M. B. Orr, Master Marion Orr and Miss Mary Bailey Orr, of Marion, S. C.; Miss Bertha Peterson, of Atkinson, and Mr. and Mrs. J. W. Marley, of Atkinson.

Whiteville, N. C., Oct. 25.—At 3 o'clock this afternoon, at the home of the bride's mother, Mrs. Samuel Alvah Smith, near Elkton, Columbus county, was solemnized in a beautiful though quiet way, the marriage of Miss Blanche Smith to Mr. Edward S. Lewis, of Whiteville, N. C. The spacious home of the bride was beautifully decorated with ferns and other potted plants, while red lights shed a soft glow over all. At the appointed hour to the strains of Mendelssohn's wedding march, played by Miss Janie McAllister, of Wadesboro, the groom with his best man, Dr. Richard Smith, of Whiteville, entered the south parlor where he awaited his bride, who entered on the arm of her brother, Mr. Joseph M. Smith, who gave her away. The ceremony was performed by the bride's pastor, Rev. Fred B. Smith, assisted by Rev. Charles C. Smith, both of Whiteville, N. C. During the ceremony, Miss McAllister softly played "When the Lights are Low." Immediately after the ceremony delicious refreshments were served. No invitations were issued, only the immediate relatives being present. The bride looked charming in a going-away gown of blue broadcloth with hat and gloves to match and carried a bouquet of white carnations. The bride, who has been one of our most successful teachers, is well-known throughout the State and numbers her friends by the score, all of whom will be greatly interested in her marriage, while the groom is one of Whiteville's most prominent citizens and is widely known both in a business and a social way. Their popularity was fully attested by the beautiful and costly gifts. Amid showers of congratulations and best wishes the happy couple left for Elkton where they boarded the 5 o'clock train for Jacksonville, Fla., and southern points. They will be at home on Madison street, Whiteville, after November 4th.

PRICE-TOWNSEND NUPTIALS YESTERDAY

Charming in every detail was the beautiful marriage ceremony at the home of Captain and Mrs. Jesse Drew Price, No. 115 Castle street, last evening at 8 o'clock when their charming daughter, Miss Annie Louise, became the bride of Mr. Alfred Eugene Townsend, Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, officiating.

The home was tastefully decorated with palms, ferns and other potted plants and presented a most fitting setting for the ceremony that joined in union these two young lives. The beautiful ring service was used and before the ceremony Miss Ella Windsor, of Southport, softly rendered the beautiful "Flower Song." Following the ceremony she sweetly played Mendelssohn's "Wedding March."

Miss Rhea Swain, of Suburb, attended the bride as maid of honor and Mr. Martin Schulken, of Whiteville, was best man. Little Miss Mary Harper Darby made a most charming ring-bearer.

The bride wore white satin en train trimmed in Duchesse lace and pearl and carried a shower bouquet of Bride's roses and lilies of the valley. The white satin and bridal veil were very becoming to her beauty and she never looked handsomer in her life. The maid of honor wore pink Marquesette with crystal trimmings and carried a bouquet of pink carnations and maiden hair ferns. The little ring-bearer was daintily dressed in white embroidered mulle, and carried the ring on a small silver slaver. Mr. Townsend and his best man wore boutonnieres of white carnations.

Quite an assemblage of friends and relatives, including a number of out-of-town guests, were present to witness the charming affair and to congratulate the happy couple. Following the ceremony the dining room was thrown open and a reception given in honor of the bride and groom and the out-of-town guests. Delightful refreshments were served.

The bride is a beautiful and accomplished young woman and has a wide circle of friends in the city. The groom is employed with the Tidewater Power Company and is a very popular young man. For the present Mr. and Mrs. Townsend will make their home with the bride's parents, as they were forced to postpone their bridal tour on account of the fact that it is impossible for Mr. Townsend to leave his duties now.

Among the out-of-town guests present were: Miss Rhea Swain, of Suburb; Miss Ellen Windsor, of Southport; Mr. Martin Schulken, of Whiteville; Miss Addie Keiger, of Winston-Salem; Mrs. Richard Galloway, of Supply; Dr. and Mrs. E. C. Vitou, of Goldsboro, and Miss Florence Price, of Southport.

Men's Meeting Sunday.

Rev. C. A. Jones, who is conducting the special services at Fifth Street Methodist Church, will be the speaker at the men's meeting to be held Sunday afternoon at 4:30 o'clock at the Bijou theatre under the auspices of the Y. M. C. A. Mr. Jones is an earnest and forceful speaker with a message for men. Special music will be arranged for the meeting and the public is invited to attend.

—Officer J. H. Davis yesterday afternoon arrested Geo. Walker, colored, on a warrant charging him with cruelty to animals. He will probably be tried before the Recorder this morning.

—A. B. Cowan yesterday waived examination before Justice Harriss on a charge of abandonment of his children and was committed to jail under $200 bond to await trial before the Recorder.

Chadwick-Edwards Nuptials

A marriage of interest to a large number of friends was celebrated at the home of the officiating magistrate, Mr. W. McD. Evans, at No. 817 North Third street, at 8 o'clock last night, when Mrs. Ida Edwards became the bride of Mr. Joseph Chadwick, both of this city. Mr. Chadwick holds a position with the Atlantic Coast Line in this city. Both have many friends who will extend felicitations and best wishes.

Quickest, Surest Cough Remedy Ever Used

Stops Even Whooping Cough Quickly. A Family Supply for 50c. Money Refunded If It Fails.

If someone in your family has an obstinate, deep-seated cough—even whooping cough—which has yielded slowly to treatment, buy a 50 cent bottle of Pinex and watch that cough vanish. If it fails, money back promptly, and without argument.

A 50 cent bottle of Pinex, when mixed with home-made sugar syrup, makes a full pint—a family supply—of the most effective cough remedy that money can buy, at a saving of $2. Gives instant relief and will usually wipe out a bad cough in 24 hours or less. Easily prepared in five minutes—directions in package.

Pinex Cough Syrup has a pleasant taste—children take it willingly. It stimulates the appetite and is slightly laxative—both good features. Splendid for croup, hoarseness, throat tickle, incipient lung troubles, and a prompt, successful remedy for whooping cough.

Pinex is a special and highly concentrated compound of Norway White Pine extract, and is rich in guaiacol and other elements which are so healing to the membranes. Simply mix it with sugar syrup or strained honey, in a pint bottle, and it is ready for use. Used in more homes in the U. S. and Canada than any other cough remedy.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Self-Starting Chalmers

"Thirty-Six" an Ideal Car

This monogram on the radiator stands for all you can ask in a motor car

This $1,800 car is perfectly adapted to the needs of the average user. The long stroke motor gives all the power and speed you can want without useless burning of gasoline. The four forward speed transmission gives perfect flexibility for hills, sand, traffic and straightaway. The big tires (36"x4") gives riding ease and insure low tire up-keep bills.

The Chalmers self-starter, air pressure type, does away with the trouble of cranking. The big tires and Continental demountable rims rob punctures of their terrors.

When you have seen this car you will find it hard to understand how we can sell it at so low a figure as $1,800.

Read the following letter from Mr. H. D. Wheat of Gaffney, who bought a Chalmers "Thirty-Six" for his 15-year-old daughter to drive. Mr. Wheat has been driving cars for eight years or more and has owned many cars of many makes. In addition to the Chalmers "Thirty-Six" he now owns and drives a $6,000 car, a $5,000 car, an electric and a Chalmers "Forty" that has already been driven over 20,000 miles.

Gaffney, S. C., October 18th, 1911.

Mr. A. M. Gibbes, Gibbes Machinery Co., Columbia, S. C.

Dear Sir:—I have delayed writing you my opinion of our new Chalmers "36" until we had a chance to thoroughly try it out. We have now run it nearly 1,000 miles, over all kinds of roads, hills, etc., and my verdict is—Chalmers "36" is all right. We find the motor flexible and a great puller—carrying the car up our steep Piedmont hills on fourth, or higher gear, without seeming to labor at all. The Self-Starting device is very reliable; this feature of the "36" alone is worth a great deal, as it enables the ladies to use a gas car about as well as an electric. The car rides easy and comfortable, and the control is simple—as an evidence of how easy the car is to handle, I might mention that my daughter, who is 15 years old, and who the car belongs to, drove it from Gaffney to Charlotte, a distance of 60 miles, without the slightest trouble. I think in the Chalmers "self-starting 36" that you have one of the best medium priced cars on the market.

We are still driving our 1909 Chalmers "40", and it seems impossible to wear it out—still good for many thousand miles.

Yours very truly,
H. D. Wheat.

We ask an opportunity to show you this car and to give you a demonstration.

COTTON MARKET IS ADVANCING

More or Less Irregular After Ginners' Report—Active Months Showed Net Gain — Largest on Record.

New York, October 25.—Today's report by the Census Bureau, showing the amount of cotton ginned to October 18th to have been 7,740,634 bales, or the largest on record, by a very considerable margin, proved quiet as bearish as expected, but appeared to be the signal for more or less general covering, and while fluctuations in the local market were more or less irregular, the close was steady, at a net advance of 5@10 points.

The opening was steady, with prices unchanged to two points lower, which was about as due on the cables. The census figures were most generally considered as pointing to a very large crop, but their publication was followed by heavy realizing on the part of other shorts or recent sellers and prices almost immediately worked lower. The advance was checked when the active months showed a net gain of about 11 to 13 points, and there was enough realizing by early buyers for a turn to cause a reaction to about a shade under the closing figures of yesterday, but around nine cents for January the market showed very much the same resistance to pressure as it has done at the level for the past several days, and prices later improved again on the outlook for frost in the western belt, and reports that a tropical storm was heading toward the cotton belt from the northeastern coast of Cuba. Last prices were 6 to 7 points off from the best, under scattered selling, which may have been partly inspired by expectations that Liverpool would reflect a bearish foreign trade and interest in the census figures tomorrow morning.

The feature from the trading standpoint was considered the active buying here, but this was quite generally attributed to profit-taking by speculative shorts, and while some local traders believe that the market is attracting a little investment interest around the 9-cent level, the bulk of oday's buying was supposed to reflect a reduction in the outstanding short interest. The census figures were made the basis for crop estimates ranging from fourteen to over fifteen million bales, as the ginning to October 18 during previous years has represented from 38 to 55 per cent of the total yield, but only twice on record has the ginning to this date been more than 50 per cent. of the total.

Receipts today, 73,551 bales, against 87,856 last week and 58,935 last year. Today's receipts at New Orleans, 8,965 bales, against 6,073 last year, and at Houston, 14,611 bales, against 11,507 last yedr.

Spot closed dull, 10 points higher. Middling uplands, 9.45; middling gulf, 9.70; no sales.

Futures closed steady.

THE DRY GOODS MARKET.

New York, October 25.—The cotton goods markets were quiet, with prices steadying. There is a good demand for seasonable knit goods, such as sweaters, knit hoods and fleece fabrics. Worsted yarns are steady, with business accumulating at the mills.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby, of Marengo, Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

RECORD FOR COTTON GINNED

Greater Activity This Season Than Any Year in History of Industry—Harvest Conditions Excellent.

Washington, D. C., October 25.—Cotton ginning throughout the South since the picking of the crop of 1911 began has been carried on with greater activity this season than in any year in the history of the industry and has resulted in the unprecedented quantity of 7,740,634 running bales of cotton ginned to October 18th. The Census Bureau report issued at 1 o'clock today showed that greater quantities were ginned during the season in every cotton State except Oklahoma.

There were 2,316,000 bales more than were ginned last year to the same date, 1,322,740 bales more than during the record crop year of 1904, when 47.7 per cent of the year's total crop of 13,697,310 running bales were ginned to October 18, and 1,444,468 bales more than the big crop year of 1908, when 48.1 per cent. of the year's crop of 13,432,131 running bales were ginned to that date.

Throughout the growing season various conditions caused the crop to mature much earlier than in most previous years and harvest conditions have been excellent in most districts of the cotton belt.

In Texas the ginning surpassed previous records by more than 600,000 bales, in Georgia, 428,000 bales, and in Alabama by 138,000 bales; in North Carolina, by 120,000, and in South Carolina, 132,000 bales.

The percentage of the total crop ginned is as follows: United States, 7,740,634 bales, compared with 5,423,628 bales last year, when 46.9 per cent. of the entire crop was ginned to October 18; 5,530,967 bales in 1909, when 54.9 per cent. was ginned, and 6,296,166 bales in 1908, when 48.1 per cent. was ginned.

The number of round bales included were 53,605, compared with 66,183 bales last year, 88,716 bales in 1909, and 118,720 bales in 1908.

The number of sea island bales included were 40,034, compared with 25,691 bales last year, 36,482 bales in 1909, and 32,013 bales in 1908.

Ginning by States with comparisons and the per centage of total crop ginned to October 18 in previous years follows:

Alabama, 1911, 834,637 ginned; 1910, 525,220 ginned; per cent of crop, 44.1; 1909, 512,323 ginned per cent of crop, 49.3; 1908, 694,104 ginned; per cent of crop, 52.1.

STOCKS LOSE THE FIRM TONE

Market Remained in State of Suspended Animation—Interest Over Contest of American Tobacco Reorganization.

New York, October 25.—The securities market remained today in a state of suspended animation. Prices were held virtually on a dead level. The only noticeable change was that the market to some extent lost the firm tone which has characterized it recently.

Interest was centered largely upon the progress of the contest over the American Tobacco reorganization plan which, in the opinion of some traders, is the pivot of the present situation. News that the parent company had determined to release its hold upon a discontented subsidiary was received with favor as the step removed one source of determined opposition to the scheme of reorganization. This influence was offset, however, by the filing in court of the protest of independents and continued conferences between the attorney general and interests dissatisfied with the present proposals. The protests against any method which does not involve separate ownership of the corporations, various segments raised an issue which, in the view of Wall Street, will go far toward determining the ultimate effect of the decree of the court, against corporations under the Sherman law.

So long as the present degree of uncertainty exists, concerning the outcome of the tobacco plan, it is regarded as likely that the tendency on the part of the speculators to hold aloof from trading will persist. Operators on both sides of the market are equally unwilling to take chances.

The heavier undertone which prevailed during the greater part of the session was overcome at the close, when most of the small losses were made up. The steel issues as a group seemed to be in a vulnerable position. Republic Steel showed greatest weakness, the common yielding two and the preferred four points. Heaviness of these stocks was attributed to a decrease of orders within the past fortnight.

Among the railroad stocks Canadian Pacific was strongest. The rise in this stock was in response to the road's continued improvement in earnings.

American cotton oil continued its decline today, touching 43½, its lowest price since 1908, before rallying sharply at the close. The preferred stock tumbled five points. It is reported that the company has not been earning the full amount of the dividend on the preferred issue, which has been paying six per cent, without interruption, since 1893.

American Tobacco bonds were bought heavily. Otherwise, the bond market lacked feature. Prices were well sustained.

Total sales, par value, $2,596,000. United States bonds were unchanged on call. Total sales today, 228,500 shares.

Why Is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet, GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth but do dissolve in the acids of the stomach. Is just as good for Grown People as for children. The First and Original Tasteless Chill Tonic. The Standard for 20 years. 50.

GIANTS TRIM MACKMEN AFTER UPHILL STRUGGLE

(Continued from Page One.)

tory over the Philadelphia Athletics in the world's series, was not legally scored, according to a statement made after the game by Umpire William J. Klem, of the National League, who was officiating behind the plate as the umpire in chief. Doyle did not touch the plate, according to Klem, and if the Athletic Club had made an appeal, the umpire said he would have declared Doyle out and the inning would have ended in a tied score. As it was getting dark the game could not have gone much further.

Umpire Klem's declaration was corroborated by Francis E. Richter, of Philadelphia, and J. G. Taylor Spink, of St. Louis, the official scorers appointed by the National Baseball Commission. Manager McGraw, of the New Yorks, admitted after the game, according to Klem, that Doyle missed the plate. Despite the fact that the umpire-in-chief and the official scorers say Doyle did not touch the plate to make the run legal, no protests can be lodged with the commission as to the result of the game, it is said, because the Philadelphia club made no appeal on the play.

There was a question raised in the scorer's box whether the ball caught by Rightfielder Murphy off Merkle's bat in the tenth inning was caught in fair or foul ground.

Klem said the ball was caught by Murphy in fair territory, that he made his decision that way and that was corroborated by Umpire Brennan, who was on the right foul line near Murphy.

"Doyle never touched the plate," Klem then volunteered, "but as the Athletic players made no appeal the game goes as a victory for New York."

In telling the Associated Press of the incident, Klem said:

"When Murphy caught the ball in right field I set myself to see the plate on Murphy's throw. Doyle came in like a streak and made a long wide stride into the plate. He went across with one leg back of the plate, and the other over it, about eight inches or a foot. He never got any nearer than that. I saw it plainly and waited. Usually I run to the dressing room when a game is over, but this time I stood at the plate for several seconds waiting to see if the Athletics would appeal. They evidently did not see that Doyle missed the plate as he was busy taking Murphy's throw and probably took it for granted that Doyle had really touched the plate. None of the Athletics made the appeal and as I was about to move away McGraw, in passing from the third base coacher's box to the players' bench said to me: 'Did you see it Bill?' I centainly did, I said.

"'What would you have done about it if they had appealed?' McGraw asked, and I replied that if the claim had been made that Doyle did not touch the plate I would have given my decision as I saw it, but you see what a mess I would have gotten myself into."

"'Well, I would have protected you,' McGraw remarked as he walked away.

"I would have declared Doyle out if the appeal had been made, but none was made."

In his reference to a "mess", Klem meant that if he had entertained the appeal the New York players and their partisans would have made a tremendous protest against the decision.

When Thomas J. Lynch, president of the National League, was told of the incident this evening, he said that so long as there was no appeal made the game will stand as a victory for New York.

The Game Today.

Philadelphia, Oct. 25.—While a majority of the baseball fans of this city who stood gazing at the newspaper score boards which were flashing the progress of the fifth game between the New York Giants and the Athletics groaned when Doyle crossed the plate with the winning run, there were cheers mingled with the groans.

There were many rooters who expressed themselves as being pleased with having an opportunity of witnessing another game in this city between the two teams.

If the weather is pleasant and the local forecaster predicts higher temperature with partly cloudy weather, it is believed that tomorrow's crowd will be larger than that of Tuesday.

The Athletic players reached this city tonight and did not appear downcast in the least over today's defeat. They fully expect to win the sixth game of the series. It is probably that Plank, who was sent to the relief of Coombs in the tenth inning, will take up the burden for the Mackmen tomorrow. The pitching probability of Manager McGraw is a puzzle. It is hardly probable that he would care to risk Marquard again and with Mathewson eliminated from the game on account of his hard battle on Tuesday, the choice seems to lie between the second string, composed of Crandall, Wiltse and Ames.

THE PEANUT CROP.

Outlook Not so Favorable According to Rocky Point Correspondent.

(Special Star Correspondence.)

Rocky Point, N. C., Oct. 25.—Cotton has been driven to a price far from remunerative to the grower by a concerted effort of the European and American spinners, with aid always of our "splendid" agricultural department. And now our last and only hope is peanuts, which by the way will prove to be the shortest in several years. Where they were early and a stand obtained, they were caught by the terrible drought in August and will not make more than half a crop. While the late planting has not more than two-thirds of a stand, with a perfect stand of crab grass, which makes it impossible to harvest anything like a full crop, and we have been reliably informed these same conditions prevail in Virginia to say nothing of the vast area of peanut land planted to cotton. Now couple all these facts to a bare market and note your advantage. Now it is only natural to expect the merchants to want to load up cheap this Fall and, of course, they can see peanuts growing in the marshes and woods, but if the price they offer is below one dollar average for all three varieties just swing on to them until February and advertise for seed in Wilmington Star and Progressive Farmer and sell direct to seedsmen. They have only to be rubbed and fanned a little which will pay you well for your trouble. W. A. BROWN.

WAS DR. KNABE MURDERED?

Authorities in Indianapolis Seem Slightly Puzzled.

Indianapolis, Ind., Oct. 25.—If Dr. Knabe was murdered, as appears, I am satisfied she was murdered by a person with whom she was acquainted and that she voluntarily let this person into her apartment. But the theory of suicide still will not let itself be neglected."

With this statement Capt. William Holtz, chief of the detective department, tonight summed up the result of the police investigation of the death of Dr. Helene Knabe, former State bacteriologist, whose throat was cut while she lay on her bed at an undetermined hour last Monday night.

"I cannot see anything but murder in this case," said Coroner C. O. Durham, who began his inquest today. "The instrument of death was not found and circumstances indicating suicide appear to me negligible."

Capt. Holtz declared that he did not intend to reflect upon the character of Dr. Knabe in saying he believed she knew her murderer if she was murdered.

"Dr. Knabe's reputation was unblemished," said he, "and she lectured to young women and men on the necessity of social purity as well as on physical culture and hygiene. But there are a number of possible motives for her murder. It is certain that robbery was not one of them and physicians have decided that personal assault was not committed.

"The heavy street dust that had settled upon the outer sills of the windows of Dr. Knabe's flat was undisturbed when our men examined them. The electric lights in the bedroom were burning when Dr. Knabe's body was discovered yesterday morning. These are but a few of the indications that lead me to believe that she knew the person that killed her if, indeed, she did not commit suicide. But we are working on the murder theory."

Some of Dr. Knabe's friends suggested to the police the idea that she ended her own life should be cast aside, though the knife with which she was killed had disappeared. They said recently she had been despondent over her debts, that even her furniture and instruments were the property of her cousin, Miss Augusta Knabe.

Along this line Miss Knabe and Catherine McPherson, Dr. Knabe's assistant, who found her dead, were questioned. Both insistently denied they had seen a knife in the bedroom or that they had covered up any evidence tending to show suicide. Miss Knabe admitted Dr. Knabe owed her several hundred dollars, and had other debts.

Two cigars were found in the apartment. Miss McPherson told detectives that she distinctly remembered Dr. Knabe had brought the cigars home from a banquet of a medical society as a joke.

SPENT STEPHENSON'S MONEY

His Political Workers Got Big Pay for Their Time

Milwaukee, Wis., Oct. 25.—Because Isaac Stephenson was reputed to be worth $30,000,000 some of his political workers thought they ought to be paid for their time and this was the reason it cost the senator so much to secure the nomanition at the primaries in 1908, according to testimony before the Senatorial Investigating Committee today.

W. R. Knell, of Milwaukee county, testified that as Stephenson's campaign manager in the county he expended $11,800.

"Why did you have to spend so much money in one county?" asked Senator Heyburn, the chairman.

"Because the other candidates were spending a lot. We felt we had to meet them.

"Was it a question of matching dollars? If the Senator received 5,000 votes in the county his campaign expenses appear to have been $2 for every vote. Is that right?"

"That's right. If Senator Stephenson had been a poor man his workers cculd have run his campaign for him for nothing, but as he was said to be worth $30,000,000, it was thought only right that those who worked for him should be paid."

Robert J. Shields, of Superior, who had said by witnesses to have worked as an employe of Edward Hines, the lumber man in Stephenson's behalf on the stand, denied having taken any part corruptly in the distribution of money to legislators.

EXAMINATION RESUMED TODAY.

Night Session of Court Was Held in Louisiana.

Opelousas, La., Oct. 25.—Examination of talesmen to serve on the jury that is to pass upon the guilt or innocense of Mrs. Zee Runge-McRee for the alleged murder of young Allan Garland, the Tulane college student, was resumed today following a futile effort of the prosecution to have the special panel of talesmen dismissed because of alleged bias in their selection. To expedite the trial a night session of court was held.

Politics and Masonry were injected into the proceedings and the charge of bias in the selection of talesmen was hurled back at the prosecution.

Judge Pavy held that the prosecution's charge that the special panel had been improperly drawn was not sustained and also that District Attorney Garland might assist in the prosecution, though excused from his official capacity by being a relative of the deceased.

DEATH AT GREENSBORO

Mrs. Whittington Passes — Elks to Give Reception

(Special Star Correspondence.)

Greensboro, N. C., Oct. 25.—Mrs. L. G. Whittington, one of the oldest residents of Guilford county and a most lovable woman, died last night at 9 o'clock after an illness of two days. Mrs. Whittington, who was 84 years of age, suffered a stroke of paralysis Sunday night and from that time until death ensued little hope was entertained for her recovery.

The Elks of Greensboro have made final preparations for a large affair Friday night when the members and their invited friends will enjoy a "house-warming." It is the purpose of the Elks to make the affair the most elaborate they have ever held and the committees for weeks have worked industriously to that end. Music for the occasion will be furnished by a ten-piece orchestra. The decorations are under the direction of Paul Lindley and are elaborate. In the receiving line will be Judge and Mrs. James E. Boyd, Mr. and Mrs. W. T. Gale, Mr. and Mrs. E. J. Justice, Mr. and Mrs. F. M. Garner, Mr. and Mrs. Caesar Cone, Dr. and Mrs. C. G. Wright, Mr. and Mrs. R. L. Justice, Judge and Mrs. R. M. Douglas. Mr. and Mrs. S. J. Kaufman with Miss Millicent Fisher will be in charge of the punch bowl while receiving in the ballroom will be Mr. and Mrs. John Atwell, Mr. and Mrs. V. B White, Mr. and Mrs. C W. Bradshaw and Mr. and Mrs. C N. Cone. Receiving the guests at the front door will be Mr. and Mrs. E. D. Broadhurst and Dr. and Mrs. Charles Robeson. An elaborate supper will be served during the evening.

PRACTICING WITHOUT LICENSE.

Medicine Man at Asheville—Western North Carolina Boosters.

(Special Star Correspondence.)

Asheville, N. C., Oct. 25.—W. E. Baker, of Limestone, was given a hearing before Magistrate James yesterday charged with practicing medicine without license. He was acquitted. It was in evidence that he had been asked to prescribe for persons and that he replied that he was not a physician. One witness swore that Mr. Baker had prescribed for him, but he could not remember when it was and little importance was given to it. It was not proved that the defendant had charged for any practicing he may have done.

Boosters are here from all over the western part of the State attending the meeting which is held for the purpose of organizing so that western North Carolina can by concerted effort advertise the resources and wonderful possibilities of the section. The movement was started some weeks ago at a boosters' banquet held at the Battery Park Hotel, at which President W. W. Finley, of the Southern Railway, made an enthusiastic address and since that time the idea seems to have grown in favor. The railroads are co-operating with the people and representatives of three roads are attending. It is expected that real benefit will result from the organization.

POISONS HIS WIFE

Newark, N. J., Man Gave Wife Cyanide of Potassium—Indicted Today

Newark, N. J., Oct. 25.—Allison McFarland, advertising manager for a well-known electrical firm, was indicted by the Essex county grand jury today on a charge of murdering his wife by the use of cyanide of potassium. The accussed man was not in court but when he heard at the jail that the indictment had been returned he stated his defense would be that his wife's death was accidental or suicidal and gave out an explanation of the case.

"I had plenty of motives for divorce but none for murder," he said. He declared that both a solution of bromide and the cyanide solution were in the house, but that the latter was plainly labelled "poison—Cyanide solution." The charge that he had changed the labels he branded as "rankest nonsense."

"I had all to lose and nothing to gain by my wife's death under such circumstances."

NEW CHEMICAL CORPORATION.

Directors of Big Concern Were Elected Yesterday.

New York, Oct. 25.—Directors of the newly organized Interstate Chemical Corporation elected the following officers today:

Vice President, John Skelton Williams, of Richmond, Va.; treasurer, Charlees S. Bryan, Nw York; secretary, J. D. Muller, Charleston, S. C., and general manager, W. B. Chisholm, Jr., also of Charleston.

W. N. Chisholm was elected president of the corporation at a previous meeting.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Wilmington readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

L. H. Partin, 505 Chesnut street, Wilmington, N. C., says: "I am very pleased to confirm the public statement I gave in February, 1908, recommending Doan's Kidney Pills. I have used this remedy occasionally since then and it has always brought the best results." (Statement given December 26, 1910.)

The endorsement refered to by Mr. Partin was in substance as follows: "My back was weak and lame and I had acute pains across my loins. The secretions from my kidneys were highly colored and filled with sediment and caused me much distress when being voided. When I saw Doan's Kidney Pills advertised, I obtained a box from Bellamy's Drug Store and began their use according to directions. They acted just as represented and drove away all the symptoms of my complaint."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

TARTAR GENERAL KILLED IN CHINA

(Continued from Page One.)

porialist and revolutionary forces are already closely in touch.

Revolutionary sympathizers excuse the lack of initiative on the part of General Li Yuan Heng, the rebel commander, by crediting him with a deep laid plan to permit Yan Tchang to enter the Hu Peh border pass and then cut him off. But military men credit neither commander with great ability. Undoubtedly the palace is urging the war minister forward because of the dire necessity for a prompt victory. Should he fail to fight or lose his first serious engagement there appears no hope of checking the revolt.

The moral position of the rebels is stronger than that of the imperialists. They could lose a battle without complete defeat, having other cities to rally around.

But the defeat of Yin Tchang in view of the wavering throughout the troops everywhere, would leave the dynasty unable to cope with the situation in a single province.

It is commonly reported in Peking that the Imperial family is ready for flight. The road to Jehol, 115 miles north-northeast of Peking, is studded with troops. Other rumors designate the foreign settlements in Tien-Tsin as the possible refuge.

London, Oct. 25.—A pecial dispatch from Peking reports that the revolutionaries have outflanked the imperialists 180 miles north of Hankow. The rebels according to the dispatch captured the government's war chest containing 1,500,000 taels ($1,000,000).

THROUGH YOUR BANK BOOK

you can step right into prosperity. Don't be one of the men who patronize every place on the street except the bank. They are certain to always remain poor. It just takes a little will power to start saving, and when once begun it's a habit formed just like in anything else. Resolve today to open a savings account with us. One dollar will start it.

4 Per Cent. Interest Paid.

AT THE SAME OLD STAND

with the Newest Goods in town. We have fewer pieces of furniture in our stock which were in it October 1st, and have received more new goods since October 1st, than any house in town. Our facilities for buying, our financial ability and standing, the confidence of manufacturers which we enjoy, give us special advantages in buying. We are tied to no one. We can and do buy where the best values are offered.

The advantage we possess for buying certainly puts us in position to offer superior values to our customers. We have special offerings for the next few days in solid mahogany, genuine Circassian walnut, birds' eye maple and quartered oak bed room furniture.

The finest line of Parlor Furniture ever shown in Wilmington. Bernstein Beds, Ostermoore Mattresses, Bloch's Go Carts and Carriages, Hoosier Ketchel Cabinets.

Our reputation for straightforward, honest, upright, honorable transactions have become a matter of history in this community.
